

old citizens, going for their mail, to enter the federal building. "This post office," says the report, "is located on the Pittsburgh Coal company's property."

Beaten in Postoffice.
The committee took the testimony of Farmer Brantthover, who paused in the postoffice at Van Meter, Pa., to read a letter the postmaster just had given him. He was ordered out by the "coal and iron police," and, upon his explanation that he was waiting for the morning mail train, he was, says the report:

"... placed under arrest for resisting an officer, handcuffed and dragged around in a brutal manner. He was beaten with a blackjack until his nose was broken and dragged into court. A neighbor went his bond for \$500. Later the case was settled by the coal and iron police paying all the court costs and the lawyer's fees."

At Friedale, Pa., the committee found moral chaos. The report says: "Your committee left Friedale fully impressed with the fact that the men and women were running wild and that no effort was being made by the authorities to curb these immoral conditions. In fact, the committee found generally that no effort was made to invoke law and order or to maintain police protection except through the iron and coal police, and they were found to be the outstanding ones who showed little regard for law and order or for the improvement of morals. The committee found generally that the operators themselves paid little if any attention to the order of the community and made no effort to improve them."

Mine Owner Criticized.
The mine magnate most severely criticized by the senate's committee is H. F. Baker, president of the Pittsburgh Terminal Coal company.

The report deals with Baker in these words: "Mr. Baker stated to the committee that he had been very prominent in social work in Pittsburgh. . . . He was surprised to learn the committee was shocked by conditions they found on some of the property, where men were housed in buildings that were filthy, poorly ventilated, and not fit for human occupancy. . . . He gave the committee to understand there would be no effort to improve the living conditions for the men employed by the Pittsburgh Terminal Coal company. . . . It was at one of Mr. Baker's mines that the committee found the stoves had been taken from the miners in the dead of winter and had only been replaced after a committee of miners had been sent to Pittsburgh to protest to the general office. . . . Mr. Baker's statement that he did not make any apology for the dirty, filthy, vermin-infested conditions the committee

PICKS THREE LOCKS TO GET OUT OF CELL; CAUGHT LEAVING JAIL

There may be men who can be held in the jail at River Grove, but John Smith, 23, of 2703 West Harrison street, is not one of them. After he had been arrested for driving while intoxicated he was locked in the village prison with three locks. A little later he was seen walking down the front steps. He had picked the locks and put them in his pockets. The River Grove police brought him to the detective bureau for safe keeping until morning.

found in the bunk houses occupied by the miners shocked every member of the committee."

Moral Degradation.
Next to moral degradation and coal and iron police brutality, the insubordinate housing of the strike breakers seems to have made the deepest impression on the committee, and it was shocked by conditions in the barracks of the companies.

The report says: "Generally, these barracks were occupied by colored miners; they were poorly ventilated, filthy, insanitary, and some of them, your committee learned, were infested with vermin and hardly fit to house beasts, much less human beings, who are employed in the mines all day where the sun's rays never penetrate, and where at best the air they breathe is never pure."

MUSSOLINI BANK TO MAKE EASY ITALY MARRIAGES

Would Finance Couples Who Want to Wed.

BY DAVID DARRAH.

(Copyright, 1933, By The Chicago Tribune.)
ROME, March 11.—A national bank for marriage is Fascist Italy's latest proposal. Premier Benito Mussolini wants to increase the population, which from the government standpoint means increased military power, and from the industrial and commercial

standpoints means an increased possibility for exploitation.

The number of marriages in Italy amounts to 300,000 a year. This average could easily be raised to 400,000 a year if economic difficulties were removed. Factory managers say thousands of young people would get married if they could get the first outlay to establish a home.

Formerly \$52.50 was enough capital for a married couple to pay for furnishing an apartment, buy linen and kitchen utensils. Now, however, \$264.50 is barely sufficient. No workman is likely to have that sum at his disposal.

Wants Bank to Aid Couple.

In order to obviate this difficulty it is proposed that a bank or a special financial concern be established by the Fascist state to furnish young people willing to get married with about \$525. This, it is believed, would enable them to establish a home and have a small surplus until the household is running smoothly.

Restitution of the money, it is proposed, would be made in two or three years by a monthly levy on the husband's salary. A small rate of interest would be charged. It is believed the matrimonial bank could easily extend

its business by entering the life insurance field.

The sum of 500,000,000 lire (\$36,450,000) would easily finance more than 50,000 marriages a year with practically no risk at all, according to the financial magazine *Finanza*, which is booming the Fascist idea. The journal says any banker who would take up this matter could do a roaring business and at the same time help his country, according to the principles of Il Duce.

Youths Stage Four Fast Holdups on North Side

Four youths in a blue sedan staged four holdups in rapid succession in the North Robey street police district last night. Albert Hagen, 1745 Fletcher street, from whom one of the four took \$3 and a watch at Waveland and Lincoln avenues, was the first victim. A few minutes later the robbers got \$30 from Joseph Miller, 2841 North Leavitt street, at Byron and Leavitt streets. They drove on a short distance and relieved Melvin Lemke, 3650 North Leavitt street, of \$5. A fourth man was threatened by two of the youths further down the street, but he broke from them and fled.

The Secret and Glory of Oriental Rugs

"Color is the Orient's secret—and her glory." All the skill and learning of the Occident have not produced its equal—for science or chemistry could not hope to improve nature.

Every tint and shade—from the flaming scarlet and deep wines of the Bokharas to the delicate rose and blues of the Kashans—is produced from pure animal and vegetable substance which preserves the fine wool and lends it a silky lustre. Time only mellows the rich colors and use only softens the lustre.

The weavers of the Orient are poets—their rugs, the poems—nature, their only teacher. With infinite care and patience, often spending years on one rug, they have wrought these "Sonnets to Nature."

Similar care and patience are exercised by Pushman's in the selection of all Pushman Gold Standard Quality Rugs.

The vast resources of this establishment and constant contact with Oriental Rug markets are responsible for this—the choicest collection of Oriental Rugs in America, and the notably low prices quoted.

You are cordially invited to come in any time and compare values and qualities. Do so without the slightest feeling that you are expected to buy.

OUR SERVICE DEPT. was established primarily to care for Rugs bought in this store. It is in charge of men highly skilled in the cleaning and repairing of Oriental Rugs. They know how to retain and restore the life and brilliance of Oriental dyes and preserve the Rug itself.

NOW IS THE TIME TO HAVE RUGS CLEANED AND REPAIRED. CHARGES ARE REASONABLE

DEATHS GROW AS NEW SLIDE HITS SANTOS, BRAZIL

Find 100 Bodies in Debris
of Avalanche.

SANTOS, Brazil, March 11.—[U. P.]—More than 100 bodies have been recovered from the wreckage of the Mount Serrat landslide, which destroyed a hospital and a section of the city surrounding it. It was estimated tonight that the death toll of Saturday's tragedy would reach 150 to 200. More than 1,000 workmen, including foremen and soldiers, are working to remove the rocks. It is estimated that 100 cubic yards of debris tumbled down Mount Serrat, crashing down the hillside and through the roof of Santa Clara hospital and a number of buildings in Santos, the world's largest coffee center. Many buildings were buried beneath 50 feet of rock and soil.

Heavy rains had undermined a huge boulder on the side of the hill facing the city. A landslide followed in the wake of the boulder.

New Slide Occurs.

SANTOS, Brazil, March 11.—[U. P.]—A new slide on Mount Serrat, on the side opposite that where thousands of tons crashed down upon the city yesterday, today caused a panic among residents of the area bordering on the mountain. No injuries were reported.

Following the disaster of yesterday, the police ordered all persons from houses near the mountain, which the city surrounds on three sides. To this generation was attributed the escape of all when the rushing mass of earth and rocks today crashed nine houses.

May Never Find Some Bodies.

The authorities said that it still was impossible to place an accurate estimate on the number of dead. They pointed out that so huge was the mass of earth which buried the stricken area that many of the bodies probably would never be recovered.

The work of excavating the ruins

AMAZES PARIS

(Pacific and Atlantic Photo.)

continued without a halt with more than 1,500 volunteers and public employees engaged in the task. The workers were spurred on by the finding of a few victims who still lived although they were terribly crushed. The police are maintaining the strictest supervision of the entire area to prevent further casualties in event of new slides. Besides clearing homes in the vicinity of their inhabitants, entrance to the district is strictly limited.

There were many pitiful scenes today as scattered families sought to reunite themselves or waited with little hope for the recovery of the bodies of those known to have perished in the disaster. In some cases entire families were wiped out under the juggernaut of the ponderously moving earth.

Although official estimates of the number of killed were denied, unofficial opinion was that the number exceeded 200.

ASSAILANTS OF M'GURN KNOWN, POLICE ASSERT

Stage Raids in Hunt for
Three Attackers.

Having definitely linked the shooting of Jack McGurn in the smoke shop of the McCormick hotel Wednesday evening with recent bombings which grew out of gambling rivalry, the police yesterday staged a series of raids in a hunt for three would-be assassins of the gangster, whose names they declare they know.

Patrons and inmates of gambling and vice dens on all three sides of the city were taken into custody. Among the places visited were 3114 South Michigan avenue, 3657 South Michigan avenue, 3400 South Wabash avenue, 3438 Calumet avenue, two places in the Town Hall district, and two on the west side.

So far none of the supposed principals in the McGurn shooting is behind the bars.

Planned Killing at Club.

They had tried for more than two weeks to get McGurn, who is a lieutenant of Al Capone, and recently the manager of the gambling concession in Louis Barzotti's restaurant at 2325 North Clark street.

One evening late in February these conspirators met in Mike Fritz's Club Ansonia, on Chicago avenue, east of Michigan. Here they learned that McGurn was expected to drop in. Opportunity was knocking and one of the men hastily got into an automobile and drove to a near north side hotel where he got the machine gun. The idea was to shoot McGurn in the club.

There was some consternation among the other guests when he walked in carrying his weapon. But the plan went awry because McGurn didn't come in. The gun bearer left with his two companions. All three, the police declare, are affiliated with the rival gambling house to Barzotti's, the place of Frank Pope at 2711 North Clark street.

They Try It Again.

But on Wednesday night they went out again to finish off McGurn. When

DIVORCE FOUGHT

(Pacific and Atlantic Photo.)

he left the McCormick in his car they tried to crowd him to the curb. He put on speed, darted north to the Drake hotel and into Lake Shore drive, doubling back to the south. At Grand avenue he turned west, with his pursuers close behind. At St. Clair street he was nearly cornered, but escaped by darting in front of a street car that momentarily slowed the hunters.

He went into the smoke shop at the hotel, apparently with the intention of telephoning for assistance. It was here that the three men stepped forward and used the machine gun. McGurn, charged with being a vagrant, is still under guard at the Algonquin hospital.

The police yesterday placed heavy guards at a dozen places on the south side, including the Alelio bakery on Grand street, where threats of bombings have been received.

U. S. FIANCEE OF RAJAH BECOMES HINDU TOMORROW

(Copyright 1934: By the New York Times.)

BOMBAY, March 11.—Miss Nancy Miller, American fiancée of former maharajah of Indore, will arrive at Nasik tomorrow for the picturesque ritual of her conversion into Hinduism.

The ceremony will be held on Tuesday for the purpose of eluding photographers and newspaper men.

The actual religious ritual will be performed at Gangapur, five miles from Nasik, on the banks of the sacred river Godavari, where the benediction will be given by Jagadura Shastri, a high priest of the sect of the Brahmins. The ceremony will be held in a hall of the importance of converting foreigners is expected to speak. It is reported a film will be taken of the "Shudra" part of the ceremony for the purpose of giving the widest publicity to the event from a religious standpoint.

Meanwhile, Nasik, which is a city of holiest Hindu associations, is divided. Some Brahmins regard it as an outrage of their faith that a girl of the "Shudra" caste should be brought into the fold in the sacred city, but reformers and Arya Samajists see a chance to invade the enemy's camp.

BANDITS WOUND 2 SHOOTING WAY THROUGH CROWD

(Copyright 1934: By the New York Times.)

Three robbers, met by a crowd of unarmed men after they had held up 20 members of the Young Men's Roman club on Root street, in Aurora, last evening, shot their way through the crowd to freedom.

The trio entered the clubhouse while arrangements for a dance were being made. Lining up the members, they took \$110 from them. Meanwhile a boy who looked in a window and saw what was going on started to arouse the neighborhood.

When the bandits left the club and saw several hundred men massed in front they drew their pistols and started shooting. Two men were wounded and the others fell back. The robbers stepped into an automobile and started Chicagoward by the East River road. The wounded, John Shuta and Steve George, were taken to the St. Charles hospital. Shuta had been struck in the leg.

PROBE WOMAN'S DEATH TODAY.

An inquest will be held today to investigate the death yesterday of Mrs. Arzila Bialkowski, 44, in her home at 1225 Marion court. Dr. Joseph Barst, 1200 North Ashland street, refused to sign a death certificate. Police believe the death of Bialkowski followed from a heart attack.

TWO TRUSTIES ESCAPE JOLIET PRISON IN AUTO

(Copyright 1934: By the New York Times.)

Two convicts at the Joliet penitentiary, both trustees, stepped into an automobile belonging to a prison official last night and escaped.

They are Herbert Ott, 33 years old, who was sentenced to one to ten years for robbery in Cook county about a year ago, and Ralph Hill, 35, who was serving a term of one to fourteen years for burglary, given him in Casswell county. Ott was convicted of six robberies on the south side.

Both men had a large measure of freedom around the penitentiary. Ott was a close friend of the men's and Ott's men's prisons and Hill was a truck driver. It was believed they took a road to Chicago and the police here were watching for them.

UNCLE SAM FINDS HAITI'S TREASURY EMPTY; FILLS IT

Half of Income Now Goes
for Betterments.

BY ARTHUR SEARS HENNING.

(Chicago Tribune Press Service.)

(Copyright, 1928, by The Chicago Tribune.)

PORT AU PRINCE, Haiti, March 11.

Helping the Haitians to help themselves has been made possible by the reorganization and supervision of the finances of the Negro republic under the direction of the American financial adviser and general receiver provided for in the treaty establishing the protectorate.

The American administration has increased the revenues while lightening the taxation of the poor, has eliminated graft and waste, provided for the discharge of the public debt, and enabled the country to devote the unprecedented amount of 50 per cent of its income to the capital account for national betterment.

Financial and economic reforms of even greater moment now are being worked out by the new financial adviser and general receiver, Dr. A. C. Mills, who came to Haiti a few months ago after serving as United States financial adviser to the Peruvian government. He succeeded W. W. Cumberland, who, after a distinguished administration over Haitian finances, has gone to Nicaragua to perform a similar service during the American occupation of that country.

Found Treasury Empty.

When the United States occupied Haiti in 1915 it found an empty treasury and a load of debt. One revolutionary dictator after another had looted the public till and increased the debt. The total revenue from all sources was only \$3,000,000.

By careful nursing the American administration increased the total revenue until last year it exceeded \$8,000,000. Of this amount there was expended \$2,000,000 on the public debt service, \$1,400,000 on roads and other public works, \$1,200,000 on the general revenue, \$700,000 on public health, and \$500,000 on the promotion of agriculture.

The public debt has been reduced in the thirteen years of occupation from \$10,000,000 to \$3,000,000. The debt was reduced during this period by an issue of 6 per cent bonds floated by the National City Bank of New York at 92. These bonds now are quoted at 97 and 98.

Honeycombed with Graft.

When the Americans took charge of the customs service it was found to be honeycombed with graft. Importers regularly paid bribes to customs officials for the free entry of goods. The importers welcomed the elimination of graft by the Americans. They were willing to pay duties so long as their competitors were compelled to pay them. The customs revenues took a sudden shoot upward. In the thirteen years the import revenues have increased 168 per cent.

Under the American regime the Haitian tariff has been completely revised. When the government was in the hands of the Haitian elite the necessities of life were heavily taxed and luxuries lightly taxed. This arrangement was reversed by the Americans.

and the yelps of pain emitted by the elite have been heard as far as the United States, where their complaints of American tyranny have found sympathetic hearing by Senator William H. King (Dem., Utah) and American liberals and radicals.

The protective principle was introduced into the Haitian tariff. Under such protection Haitian tobacco culture, cotton seed oil manufacture, and other industries have begun to flourish. The Haitian revenue is derived almost entirely from import and export taxes. Internal revenue contributes less than one-tenth of the national income. There is no tax at all on land.

The export tax is recognized as uneconomic and a handicap on production, and its abolition is contemplated as soon as the internal revenue can be increased. The export tax on coffee is 2 cents per pound. As coffee is the chief crop of this one crop country, this tax on peasant growers is retarding the economic development of Haiti. As the export tax did not hit the elite there was only a fraction of the graft in its collection that was found in import duties when the occupation began. The collection of export tax revenue has increased only 50 per cent since the Americans took hold.

Settles Revolutionary Claims.

It took three years to settle the claims against Haiti arising from advances to the succession of governments, from revolutionary damages, and what not. The Americans organized a commission which passed on 73,000 claims totaling \$40,000,000. Of this amount claims aggregating only \$3,500,000 were allowed.

The next great reform which High Commissioner Russell and his cabinet of American treaty officials have undertaken to accomplish is the establishment of titles to land taxation of real property. This project also is causing the elite much anguish, as the principal property owners in the country, who are the elite, would be hard hit by the land tax.

With the proposed removal of the export tax on peasant coffee growers and the proposed tax on land, the elite are bursting with resentment of the American occupation. Senator King cannot get the Americans out any too soon to suit the elite.

No Record of Property Titles.

But before the taxation of land can be approached, titles to property must be established. This is going to be a colossal undertaking. There are no recorded titles to property in Haiti. The first thing a revolutionary general did upon seizing control of the government was to build a bonfire of all titles and records he could lay hands on. Then he would issue new titles and distribute them to his friends and followers. Squatters' rights constitute about all the titles there are, and yet squatters' rights never have been recognized as legal in Haiti.

To complete the situation the government owns 45 per cent of the land, but does not know where the land is situated. This government land was supposed to be leased at a rental of 2 per cent of its value, but hardly anybody occupying it paid the rental.

Will Establish Land Court.

An agrarian court is to be established to pass on land titles. The disposition of the American treaty officials is to protect the peasant tenure wherever the least color to the title by an affidavit of long occupancy can be shown. It also is proposed that where government ownership of land is established no person shall be ousted from tenure who is willing to begin paying rent.

Stories have been current in the

United States that the American occupation is permitting the Haitian government to dispossess peasant owners and turn their lands over to American concessionaires. The only American concession obtained during the occupation comprises two tracts in the north, one for raising steel, which promises to become a great crop in Haiti, and one for growing pineapples. The American officials assert that no owner has been dispossessed on these

tracts, nor has been any renter of government land who was willing to begin paying rent.

It is the complication of titles that is holding up the consummation of a concession for the irrigation of 55,000 acres in the Arbonne river valley, contracted for by former Congressman William Rodenberg of Illinois. Dr. Mills, however, has worked out a title establishment system coupled with a land tax plan. Under the Mills-

paugh scheme the taxes would be assessed on a sliding scale, the highest on idle land and the lowest on the cultivated or otherwise producing land. Two departments of the government still are in the condition that obtained before the American occupation. They are the departments of justice and education, but these are the only departments over which the American administration has no jurisdiction.

Little Lectures on ORIENTAL RUGS

By SARKIS H. NAHIGIAN

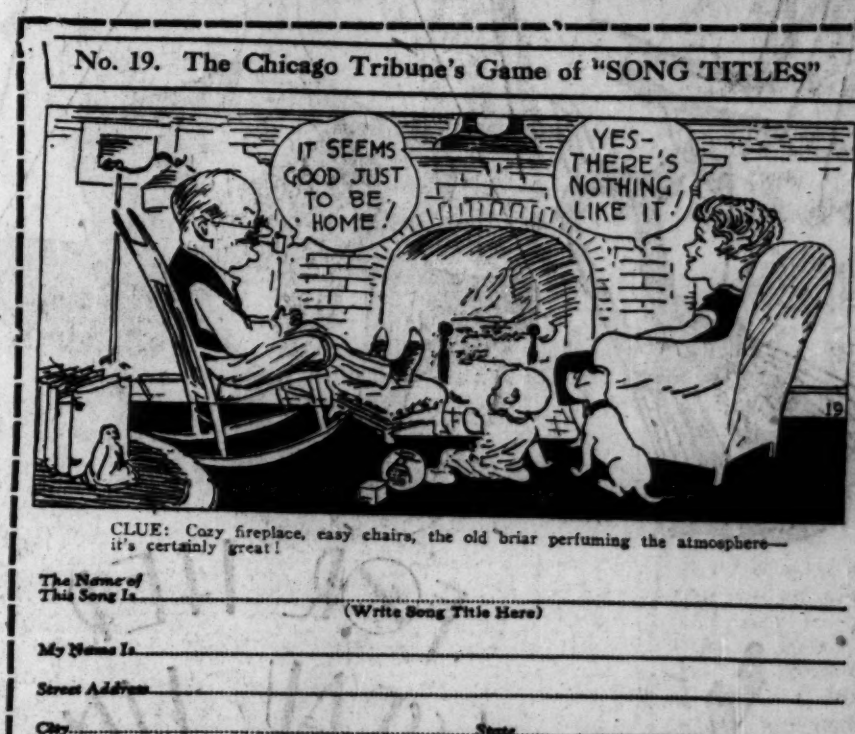

PERPETUATING an art ages old... old
as civilization itself... the Oriental Rug
brings to modern life a warmth and beauty
possessed by few other objects of home adornment.
Woven patiently by hand, each knot a tribute to
the artistry and genius of the weaver, their
proper care and preservation should be the concern
of all those who may proudly proclaim
possession. For the furtherance of our service to
the public, and to materially assist in prolonging
the enjoyment of these lovely art creations,
we maintain a competent staff of cleaners and
weavers, native of Persia and the rug weaving
industry. Nor is this service costly... measured
in relation to the greater enjoyment and the
longer life of the rug itself, the cost is scarcely
worthy of consideration. We welcome the privilege
of serving you this Spring, or at any time.

The Chicago Tribune's GAME of "SONG TITLES"

617 Big Cash Prizes for Best Answers

THE RULES:

- Every weekday for 40 consecutive days, (not including Sundays) the Chicago Daily Tribune will print a cartoon picture representing the name of a popular and well known song or an old favorite melody. The public is invited to cut out these cartoons and name the songs the pictures represent.
- The Chicago Tribune will pay \$5,000.00 in cash prizes to the persons sending in the nearest correctly named and nearest complete sets of pictures as follows: 1st Prize, \$1,000.00; 2nd Prize, \$500.00; 3rd Prize, \$100.00; next 4 Prizes (\$25.00 each) \$100.00; next 100 Prizes (\$10.00 each) \$1,000.00; next 500 Prizes (\$5.00 each) \$2,500.00. A total of 617 Prizes, totaling \$5,000.00.
- This game is open to everyone, everywhere—men, women, boys and girls—except employees of The Chicago Tribune and their families. It does not matter where you live.
- You pay nothing. Just prove your skill. Accuracy will count. Neatness will count. Song Titles are to be submitted only in complete sets. Hold all pictures until you have the complete set of 40. Then send them to "Song Titles," The Chicago Tribune, Post Office Box 139, Chicago, Ill. All entries must be in by midnight 15 days after Picture No. 40 has been printed.
- Each entry must be sent in by first class mail—postage prepaid. Entries with insufficient postage will be returned by the Post Office Department. At the end of the contest we want you to tell us the name of your favorite song—the one you like best of all—and why. Comments may send in as many sets of Song Titles as they wish, but no contestant will be entitled to more than one prize.
- You need not purchase the Chicago Daily Tribune to compete. You may copy or trace the cartoon pictures from the original and use the copies you have made. The Chicago Tribune may be examined at any of its offices or at public libraries free of charge.
- The judges will be a committee appointed by The Chicago Tribune. Their decision will be final. In case of ties a duplicate award will be paid to each tying contestant.

The Name of the Song Represented by the Picture is in this List:
"Swing the Hammer Home"
"Little Gray Horse is the Best"
"Dear Little Boy of Mine"
"When Day is Done"
"Home, Sweet Home"
"My Old Kentucky Home"
"May This Home"
"Home, a Little While Home"
"Call as the Night"
"Love's Old Sweet Song"
"Sweet Indiana Home"
"When Light Airs Lead"
"Old Fads of Home"
"Dreams of Long Ago"

Tune in W-G-N
Every evening W-G-N broadcasts the names of the songs pictured in the next morning's Tribune. Hearing the melody may help you name the song. Tune in W-G-N!

THOMPSON FACES HORRID FIGHT IN HIS HOME WARD

Mayor's Foes Back Haenisch for Committee Ship.

BY PARKE BROWN.
(Picture on back page.)

William Hale Thompson faces a red hot fight for the county committee membership from his home ward, the Twenty-ninth.

State Senator Herman J. Haenisch is not for the mayor's scalp and has made it the fight of his life. After losing a loyal following of Gov. Lenihan for six years in the legislature, he has turned against him and is ready to come out for Louis L. Emerson. Confronted with the choice of withdrawing as a candidate for committee membership or being fired by the Consumers' company he resigned a \$10,000 job as salesman.

Deneen May Back Him.

He impressed as they with his meeting that the Deneen forces are ready to follow him and unite their ward organization with his. A joint meeting will be held tonight and Edward L. Richter, the Deneen entry, for the ward of unity, is prepared to withdraw in Haenisch's favor. As a result all of the forces opposed to Mayor Thompson will be concentrated behind one candidate.

Senator Haenisch said he would not discuss his program until tonight's meeting in the Deneen headquarters at 181 Belmont avenue. There, he implied, there will be some fireworks. "I'll have a statement at that time," he said, "and the men and women who have supported me in the past and the new friends who have told me they will be with me in this fight are entitled to be the first to hear what we have to say about the battle. I'll tell them in plain terms why we are making the fight."

That a definite program had been agreed upon by the Haenisch and Deneen organizations was disclosed by a letter sent out by the former to his ward captains and other followers.

"The object of this meeting," it read, "is to 'get together' with the Deneen organization and start a vigorous campaign to elect Senator Haenisch Republican committeeman of the ward and to nominate Louis L. Emerson for governor, Oscar Carlstrom as attorney general, Judge John A. Peterson for state's attorney, Frederick J. Luetlich for circuit clerk—in fact for the entire Deneen ticket."

Just further light on the events leading up to the senator's decision to tackle a man who in some quarters, including his own headquarters, has been billed of as a presidential possibility, was provided by an enthusiast who predicted Thompson's defeat with confidence.

Predict Thompson's Defeat.

"Thompson never has been strong in his home ward," said this friend, "and when the Republican voters un-

Copyright, 1928, by The Chicago Tribune.

CROWE BLAMES DENEEN FOR EVIL REPUTE OF CITY

Blame for Chicago's reputation as a crime center was laid on Senator Charles S. Deneen and "his newspapers" last night by State's Attorney Robert E. Crowe, who is seeking reelection. Mr. Crowe was guest of honor at a testimonial banquet in the Palmer house given by the United Greek-American regular Republican organizations.

"Senator Deneen is responsible for the idea that the leading citizens of Chicago ride down State street on horseback with shooting irons strapped to their belts, much like Jesse James," said the prosecutor. "He has made people afraid to visit Chicago, while criminals are attracted here on hearing that there is no law in this city." The toastmaster was Const. N. Avergin. Other speakers were D. G. Michalopoulos, Judge John Starbaro, and Judge Max Luster.

Youth to Face Bigamy Charge in Court Today

(Picture on back page.)
Robert E. Fairbanks, 21, of 2820 Ogden avenue, who was arrested Saturday on a charge of bigamy, will be arraigned in the South Clark street court today. Fairbanks married Lu-

cille Price, two years ago and then married Sylvia Elms, 1421 West 23d street, a 19 year old student, on Feb. 3, 1928, the two women charged. He told each wife he had to make trips out of town, thus dividing his time between them. Lucille learned he had another apartment and she and Sylvia trapped him by agreement in a hotel lobby.

TRACE POISONING CLEW IN DEATHS OF 2 CHILDREN

Police Await Analysis in
Indiana Mystery.

Michigan City authorities yesterday acted on a report received from Chicago that traces of oxalic acid had been found in the body of Richard Bohle, a 4 year old boy, whose death together with that of his 2 year old sister, has been under investigation for several days.

Since the two children died, their uncle, William Sims, has been stricken with an illness which added to the mystery. Chief of Police Richard J. Kruse after receiving the poison report yesterday questioned Sims, whom he found on the road to recovery. The Indiana police official then stated that he had discovered no motive that would account for poisoning in either of the three cases, nor could he find

any source of possible accidental poisoning.

Dr. Ralph W. Webster of Rush Medical college found the trace of oxalic acid in Richard's organs, but until his examination is completed Dr. Webster said he would be unable to state whether the quantity of the poison is greater than is found normally in human bodies.

Dr. Frank Warren, who attended Richard Bohle and is administering to Sims, insists, however, that he is confronted with a poison mystery. He reported that Mrs. Sims told him that she had some oxalic acid in the house for use in removing ink stains. Mrs. Sims, however, stated later that there had been none of the chemical on hand since last July.

There is no intention of having the body of Orville Bohle examined unless Dr. Webster's examination discloses poison in fatal quantities in the boy's body. Coroner Charles Mayfield said yesterday. An inquest will be held when the chemical analysis is finished if it discloses grounds for suspicion, the coroner explained.

Night Air Mail Service to Be Extended to Tulsa

Extension of overnight air mail and express routes into Tulsa, Okla., and Detroit will probably be made within the next three months, officials of the National Air Transport announced yesterday. A survey for the installation of the necessary lighting equipment to guide the night planes is now under way.

FOG RETARDS ARMY PLANES IN FLIGHT TO CANAL

(Picture on back page.)

Fort Bragg, N. C., March 11.—The two army air service planes carrying the Assistant Secretary of War J. Trubee Davison and Maj. Gen. James E. Peche, air service chief, on their flight to Panama, arrived at Pope field here from Washington today.

They remain here tonight and will resume their flight to Panama, via Texas and Mexico, tomorrow morning in the event of good weather.

Heavy fogs were encountered between Richmond and Pope field, the fliers reported. Lieut. Fairchild, pilot of Gen. Peche's plane, landed fifty minutes after Capt. Baker, pilot of Secretary Davison. Lieut. Fairchild reported that he lost his bearings over Raleigh and was forced to land in the city lake, where he remained for about thirty minutes. Heavy fog and smoke caused his confusion.

The first leg's destination was originally Pensacola, Fla., but the flight to Camp Bragg was somewhat slower than had been anticipated.

The air officials are making Point Isabel, Tex., near Brownsville, the objective of tomorrow's hop, with a stop at Galveston for fuel.

ASSAULT ON WIFE AND BABY.
Herbert J. Hughes Jr., of 5411 West Roosevelt road, yesterday asked police to search for his wife, Margaret, 21, and their three year old son, Robert, who have been missing since Feb. 3. He said that Mrs. Hughes left home after a quarrel.

Sanitarium Work to Stop Early Life Tuberculosis

Prevention of early life tuberculosis infection is now being investigated at the Municipal Tuberculosis sanitarium. Health Commissioner Arnold H. Kegel announced in his weekly health bulletin. A method of immunizing new born infants of tuberculous mothers is being tried out there, he asserts. The method used is said to have proved fifty per cent effective in the case of 48,000 children in Paris. Dr. Kegel advocates an early diagnosis for any baby who suspects he is becoming infected with this disease.

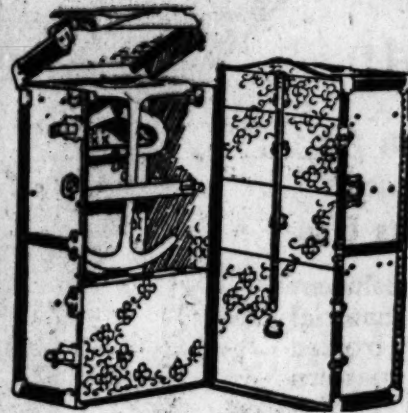

Chilean Ex-President's Son Jailed; Faces Exile

(Chicago Tribune Press Service.)
SANTIAGO, Chile, March 11.—Forty persons, including the son of former President Alessandri and many other prominent men, were arrested, charged with conspiring against the government in a plot said to have been hatched abroad by the former president and other exiles. It is understood the government intends to banish the plotters to Robinson Crusoe's island, to which communists usually are sent.

PARIS GEM THIEF GETS \$120,000 BY TRICK RAZOR KIT

Sets Trap for Jeweler in
Rich Hotel.

BY JAY ALLEN.
(Chicago Tribune Press Service.)
PARIS, March 11.—The best brains of the world famous surety generale, the French Scotland yard, were baffled today by one of the cleverest robberies in the history of French crime. A leading Rue de la Paix jeweler was robbed of a \$120,000 franc (about \$120,000) diamond necklace.

The manager of this famous trinket shop in the Rue de la Paix is so careful that he set detectives to watch members of the Amir of Afghanistan's party when shopping for baubles in his establishment a few weeks ago. But he never for a moment suspected the distinguished looking client who a few weeks ago bought a string of brilliant for 1,000,000 francs (about \$1,000,000) and paid on the spot.

Orders a Second Necklace.
A few days later the same individual returned and ordered an elaborate necklace of diamonds and spent three hours selecting the stones. They were to be delivered to his hotel—one of the great hostilities where the most fashionable people convene in and out of season.

When the salesman arrived Saturday with the necklace he found the client attired in a green silk dressing gown, busy shaving. Proudly the salesman produced the finished necklace. The client put down his razor, examined the purchase, expressed his pleasure, and put it carefully in his shaving kit to admire while he finished removing his beard.

How Trick Was Pulled.
Both left the bathroom, the salesman quite reassured by his last look at the necklace lying in the kit. He sat in the anteroom with his eyes on the bathroom door for half an hour, then began to get nervous. He took a look in his client's bedroom salon, found it empty, and then rushed panic-stricken to the bathroom. The necklace was gone.

He was unable to believe his eyes, but in the bottom of the kit was a little hole, and right behind it another little hole, this time in the wall. His distinguished client merely had gone to his bedroom, and with a button hook pulled the necklace through the two holes. Then he dressed and left.

CALLS WOUNDED MAN ROBBER HE SHOT IN HOLDUP

Mystery in connection with the shooting of John Healey, 28 years old, 5843 South Carpenter street, was cleared away last night when George Hannaford, 7353 Bennett avenue, identified Healey as the man at whom he fired during an attempted holdup Saturday evening.

Hannaford said that three men tried to rob him in his garage in the rear of his home and that he fired on them. His wife also identified Healey as one of the bandits.

The wounded man staggered into

the German Descones hospital and asked for treatment. A bullet had struck him in the abdomen. He had been arrested several times on charges of robbery and burglary. It was at first believed he was shot during a union row, as he asserted he was business agent for the Asbestos Workers' union.

Fog in Western Suburbs Paralyzes Auto Traffic

Motorists on the roads through the western suburbs were forced by a heavy fog last night to slow down to a crawling pace. They asserted that the mist made it impossible to see more than a few feet ahead of their cars. Late in the evening travel on these roads was virtually abandoned.

SPRING TOPCOATS for the New Generation

THE ADMIRAL—Faultlessly tailored in sturdy blue fabrics with brass buttons and a chevron on the sleeve, this distinctive little reefer expresses all the swank of an admiral on dress parade. For the lad from 2 to 12.

VOICE OF THE PEOPLE

and addresses. No manuscripts can be returned. Address Voice of the People, The Tribune.

ANSWERED BY SOLICITORS.

Chicago, March 8.—Of late there has sprung up an exceedingly bothersome practice among a certain class of real estate concerns, that of indiscriminate telephone solicitations. In the last two weeks my home telephone has called me no less than ten times, always just as I have settled down after dinner to enjoy a little rest after a busy day. I have been so annoyed by this annoying practice that I have called the N. Y. H. I. am calling you this evening only because of a very special proposition we have in suburban acreage and your name was given to us as a man who would appreciate, etc., etc."

Perhaps there is no legal way of stopping this annoying practice. Anybody will

yield their places to Cuban as American companies are victim to blackmailing and graft. This is liable to those who know Cuba and can tell well foreigners are treated the same as Americans. The only difference I can assure you is that the Cubans are in the world are foreigners and as well and with as much money as in Cuba. The large amount of Spanish capital invested in Cuba is a fact. The Cuban people are going there on business if the work made by the reporter were true.

I also wish to state that if part of the contracted road work of the construction road was given to the Cuban company, it was because the Cuban company have not as much money as foreign contractors, and because the

procedure. For my part, if I had unlimited means at my disposal and were in a buying frame of mind, I would not consider a proposition that came to me

politicized and in this unwelcome manner. In conversation with a number of my friends I find that they are experiencing the same disgusting infliction. I cannot understand how any reputable concern would tolerate this method, which not only alienates public friendship but also betrays the growing public intolerance of telephone subscribers.

W. H. H.

FROM THE CUBAN CONSUL.

Chicago, March 8.—I have read the articles written by Mr. Arthur Sears Henning in the Chicago Tribune of the 2d and 4th of the current month, regarding the present conditions in the Republic of Cuba under the alarming title of "Peril of Revolt Seen in Sugar Crisis in Havana." I find that as a citizen and representative of the said country, compelled to clear up the ideas conveyed to the government demands vituperated and ordered and according to the current of public opinion because it is an American company.

As to the protectors, I do not want to go into details, as the American press and the whole world know this matter very well because a great deal has been written already, by the press, and independent. Great statesmen, politicians and writers have demonstrated the truth of the fact and it should be everywhere acquiesced in. The speech of the Honorable President Coolidge, his speech delivered at the Pan-American conference during his recent visit to Cuba are still fresh in the memory of all the people of the United States and of the world, and they have shown their own sovereign. Her people are independent, free, prosperous, powerful and enjoying the advantages of a government."

JULIO C. GARRIGUÉ

At the present time, Cuba is passing through a severe economic crisis just as many other countries are suffering as well. Cuba's crisis is due perhaps to

high low price of sugar, the raising of which is the principal industry of the country, and for this reason the Honorable President General Gerardo Machado has decided to postpone the proposed amendment until after the sugar harvest. The general and the merchants in Cuba, determined to restrict the production. Whenever strong measures are taken there is a certain degree of discontent following. It is true that the vast majority of the people have approved the restriction and one thinks of revolutions or uprising. In the contrary, the Cuban people, as well as the merchants are completely in accord with Gen. Machado in his great task of construction, political, economic and patriotic. Cuba has already demonstrated in her short existence as a republic, that she is capable of utilizing her sacrifices to improve her economic condition without resorting to revolution and intervention, things the Cuban people

AL SMITH FOES STAKE HOPES ON WESTERN STATES

Think Walsh and Reed
Can Head Him Off.

Washington, D. C., March 11.—(Special.)—Hopes of the opposition to Gov. Al Smith's presidential candidacy are chiefly centered on the outcome of the primary election in the western states.

Dry Democrats are staking their hopes on the possibility that Senator Walsh (Denn. Mont.) may put a crimp in the Smith boom in Wisconsin, South Dakota and California. Other Democrats, with whom the prohibition issue is not supreme, are banking on the vote-getting ability of Senator Reed (Dem. Mo.) in Wisconsin, California and possibly in Oregon and one or two other states.

Walsh Strength in Dixie a Riddle. Senator Walsh is the only dry to be put in the running in a primary state against Smith. Senator Reed is the only wet to try his luck against the New York governor. Three corners fight with Smith, Walsh and Reed as participants in Wisconsin and California, with the chief interest of the Democratic primary campaign.

Also attracting nation-wide attention

will be the two sided tests of strength in which either Walsh or Reed opposes Smith. There is little community of interest between Walsh and Reed. The Walsh movement is headed by William G. McAdoo and represents the dry wing of the old Woodrow Wilson Democracy. Just how much of the southern dry element, which is largely anti-Catholic, will get behind Walsh, a Catholic, remains to be seen.

The Walsh backers welcome the entrance of Reed in Wisconsin and California because both Reed and Smith are wet.

It is conceded that if Senator Walsh fails to make a good showing in the three-cornered contests he will be practically eliminated as a candidate. Furthermore, if his slate of delegates fails to win in California it will mean that Mr. McAdoo, who is seeking election as a Walsh delegate at large, will not be available to act as floor leader of the dry anti-Smith forces in the Houston convention.

Fight It Out in South Dakota. The fight between Senator Walsh and Gov. Smith in the South Dakota primaries is expected to be a lively affair. The Democratic state convention in South Dakota recently endorsed Smith over Walsh by a vote of 48,876 to 41,213. Under the South Dakota law both names go on the primary ballot when the election of delegates takes place.

takes place, Smith as the majority candidate and Walsh as the minority candidate.

Senator Reed has thus far been entered as a primary candidate only in California and Wisconsin. He is considering going into Oregon where Gov. Smith will otherwise have a clear track and also he may go into West Virginia, another Smith state.

Yale Club of Chicago to Hear Presxy Tonight

President James Rowland Angell of Yale university will speak tonight at the 62d annual banquet of the Yale Club of Chicago at the Blackstone hotel. Educational policies of the university will form the theme of Dr. Angell's talk, it was said. Motion pictures of the Yale football team in action will be shown at the banquet.

MISSING

The Beiringerichs, St. Gallen, 1. Abtelling by decree of 1st June, 1918, August, 1927, declared the following to be missing:

HENRICH Philipp, lawyer, born 1824, at Regard (Prussia), son of Heinrich Philipp Henrich and Susanne, nee Lisch, whose whereabouts have not been known since 1888. (Presumed to have been living in Chicago.)

The above mentioned, and any persons who may be known, are hereby requested to communicate with the Beiringerichs, St. Gallen, Switzerland, for the purpose of restoring the missing person to the family. All those wishing to establish the missing person, should report, within the stipulated time, to the Beiringerichs, St. Gallen, Switzerland, or to the Beiringerichs, St. Gallen, Switzerland, or to the Beiringerichs, St. Gallen, Switzerland.

1st September, 1927.

TUGS WAIT FOR TIDE TO FLOAT STRANDED SHIP

Manomet Point, Mass., March 11.—(Special.)—The fate of the steamship Robert E. Lee is in doubt tonight as it pitches on Mary Ann rock. Three tugs stand by ready to pull the vessel from the reef at high tide, but it is doubtful if the operation will prove successful.

Extensive repairs must be performed upon the hull of the vessel before it

can be safely hauled from its present precarious position, and there is a possibility that dismantling may be resorted to save the remains of the ship.

The pilot and the captain of the Robert E. Lee gave it as their opinion that a faulty compass was principally responsible for the ship's running aground.

Manrice Holland, radio operator on the Robert E. Lee, today gave a graphic description of what happened when the vessel went aground.

"At no time was there any danger of panic," he said. "The passengers were well behaved and none appeared to be frightened. In fact, one passenger slept through it all, not appearing on deck until Saturday morning and appearing quite surprised at not finding the ship at its pier in New York."

MARSHALL FIELD & COMPANY

Quick
Reproductions

A week ago we presented to Chicago original models from the Paris openings... today we show many of them in replica, an accomplishment comparable to the speed with which these models reached us from abroad. Yet never have they been more beautifully reproduced, more charmingly adapted to the smart Chicagoan's wardrobe... replicas for daytime, for afternoon and for evening.

ON THE SIXTH FLOOR

Pratt's Youthful model has been deviously copied for the Misses' Section, from striking new neckline to flaring cuffs. \$7.95. In several prints.
Sixth Floor, South, State

Phillips & Gattens' gown with its interesting new treatment of godets has been copied in Rameau crepe, black and navy with contrasting bandings.
Sixth Floor, South, Westab

Laurie's navy coat in replica is equally appropriate for spring wear in Chicago. Note the metal stitched sleeves and chic double collar... in the coat section.
Sixth Floor, North, State

MARSHALL FIELD & COMPANY

The Party, Wedding and Gift Bureau... another case of good things coming in small packages... for this small bureau [situated just beside the linen room, second floor] holds the keys to the entire store! It plans novel parties... tackles the most perplexing gift problems... assists in wedding preparations from the planning of the Announcement Party to the choosing of an entire trousseau. In a word, the Party, Wedding and Gift Bureau is here to help everybody! Second Floor, North, State; State 1000, Local 574.

What's New at Field's

Academician... a new plum color, makes its spring debut on coats and dresses. We have it in several lovely coats, trimmed in a smart new fur, Galyak in the women's coat section.
Sixth Floor, North, State

Rhinestone beads add a novel touch to the fur scarf, so smart for spring. Sometimes whole animal heads are a-shimmer, sometimes noses, eyes and ears. In the fur sections.
Sixth Floor, North, Westab

Washable glass kid gloves... from Alexandre, of course, and made of the finest French skins. One-button and slip-ons, pique sewn, \$3.50, \$3.75. Hand-sewn, \$4.50 and \$5.00.
First Floor, South, State

Scarf, scarf and handkerchief sets form an effective spring ensemble. These appear in many smart new patterns, such as polka dots, and new colors... \$5.00, \$8.75.
First Floor, Middle, State

The Chanel scarf in striking diamond pattern makes its appearance on new white coats. Of Rodier material in navy or light navy with bright red... in the coat section.
Sixth Floor, North, State

The signs of the Zodiac make intriguing borders on new handkerchiefs, hand painted on crepe de chine with handrolled hems. New, also, "Ponte Bonheur" handkerchiefs. Each 75c.
First Floor, Middle, State

Hats Made on the Head

...the way of the smart Parisienne... and the smart Chicagoan, too. In the hands of our designers the infinite chic of the Poiret model [pictured] is captured... in your exact head size... in the colors and materials you choose... a slight revision here and there, perhaps, to make it suit your personality. No wonder our customers find this service increasingly satisfactory... prices range from \$18 up.

The French and Debutante Salons, Fifth Floor, North, State

The Shoe Salon Suggests For Spring Wear

The patent opera pump of exclusive design for daytime, enhanced by a buckle of cut steel. In black gun calf or in black or white satin, \$16.50. Buckles from \$3.75 to \$60.

The blue gingham cross-strap pump for a novel change. In blue gingham kid with dark blue kid trimming and 2-inch Spanish heel, \$22.50. Also in white kid with patent, \$22.50.
Fifth Floor, North, State

VETS MOBILIZE FOR UNIVERSAL DRAFT IN WAR

Hope to Rouse Public to Justice of Plan.

(Chicago Tribune Press Service.)
Washington, D. C., March 11.—(Special.)—American Legion officials are mobilizing their forces for what is heralded as the greatest peace-time effort ever attempted in this country in the interest of legislation providing for the universal drafting of man power and the control of labor and industry in the event of another war.

Backed by Secretary of War Davis and many high army officials, the former service men of the nation will make their seventh effort since the war to convince congress and the American people that steps should be taken in peace time to guarantee the President the widest dictatorial powers in case of another national emergency.

Will Adopt New Tactics.
From the attitude of the congress it is now apparent this seventh effort will be no more successful than its predecessors unless tactics employed in behalf of the universal draft in the past are changed for the new campaign. For this reason Legion leaders meeting in Washington today propose to change their line of attack and approach a solution of their problem from another angle.

Just what the new tactics will be was not divulged following an executive session today but it was learned that congressional backers of the principle of the draft warned the Legionnaires that it will be virtually impossible to jam through a special universal draft bill at this session of congress. They frankly voiced their belief that congress is not yet ready to pass such legislation.

Plan to Rouse Public.
As a result the Legion now plans to concentrate on rousing the public to the need of the draft. Instead of pushing the Capper-Johnson Legion bill as it is now written, pressure is to be applied in a move to establish the principle of the universal draft in the law of the nation in another manner. The details of the new campaign will be made public as soon as they have been approved by the national commander of the Legion. Hearings have been held on draft bills only twice since the war and on neither of these occasions were the forces back of this legislation able to bring the question to a vote.

Beginning with a demand for legislation calling for the actual conscription of men, wealth, industry and labor in wartime, the Legion has gradually modified the language of its various measures until the ones introduced this year mention the word draft only in connection with the raising of man power. The word con-

ARMY AND NAVY AIR OPERATIONS ORDERED COMBINED FOR TESTS

Washington, D. C., March 11.—(Special.)—Combined air operations for the army and navy air services have been ordered by the war and navy departments in an effort to develop better and more efficient cooperation between the two services. These exercises, it is announced, will include the defense of home ports against enemy raids from seaward, the protection of sea borne commerce in the immediate vicinity of home ports, the defense of positions outside the continental limits of the United States, the defense of advanced bases and attacks upon enemy positions.

Control is substituted for the word conscription in the sections touching on the handling of material resources and industry. Price fixing, however, is retained as an essential feature of the bill.

Would Prevent Profiteering.
Forces supporting the universal draft principle urge such legislation on the assumption it would prevent profiteering and slackness. It is pointed out that the selective service under which man power was drafted and industry controlled in the great war has

now expired. It is contended that the national defense act of 1926 empowering the President in war time to fix prices of articles needed for the army, to control transportation for army uses and give priority to war needs is insufficient.

Regardless of how the plan is placed before congress there would be no change in principle. Its opponents say it will be defeated under whatever guise it appears because labor is opposed to legislation which might permit the conscription of workers in wartime and congress is opposed to granting dictatorial power to a President for wartime use in times of peace. It is contended that the universal draft actually contemplates the conscription of wealth, labor and industry, and therefore is impractical and unworkable.

Would Confer Vast Powers.
Under bills introduced this year by Senator Capper (Rep., Kas.) and Representative Johnson (Rep., S. D.) the President would be given power in event of war to "draft into the service of the United States such members of the organized militia as he may deem necessary; provided, that all persons drafted into service between the ages of 21 and 30, or such other limits as the President may fix, shall be drafted without exception on account of industrial occupation."

The President would be "authorized to take such steps as may be necessary to stabilize prices of all commodities declared to be essential," and "to determine and proclaim the material resources, industrial organizations and services over which government con-

trol is necessary to the successful termination of such emergency."

Aside from restrictions mentioned above, the President would have power to set up the necessary administrative machinery and decide who would be exempted. Under the old selective service act certain classes were excused from service under the draft law and sponsors for the universal draft say virtually the same classes would be under the new plan.

Would Be Exempt.
If the President followed precedent the privileged classes who would not have to fight would include diplomats and many other employees of the state department. In the last war 45 per cent of state department employees had deferred status. Many members of the federal, state, and municipal bureaucracy would belong to the priv-

ileged group. Officers, legislative, judicial, and executive, of the United States and several states would have such deferred status. Many other persons deemed necessary for keeping the administrative machinery going would also escape the military draft.

Representative Johnson said during the congressional hearings in 1924 that "our theory in drafting the present bill (1924) was that immediately upon the declaration of war every man, woman and child in the country would be considered as having been conscripted into the service. Any one who would violate the provisions of this law would be court martialed."

The Johnson bill of 1924 has been changed, however. Legion officials say there would be no conscription of labor or industry—that control would be sufficient.

WAST INCREASE IN DRUNKENNESS IN HOUSES FINLAND

Fight to Abolish
Prohibition Law.

Chicago Tribune Press Service.
Helsinki, Finland, March 10.—(Associated Press.)—The increase in drunkenness in Finland during the last year is reported by the ministry of justice as a colossal one. The increase in smuggling also is shown by the fact that in 1927 only 98,000 liters of alcohol were confiscated, while during the last year the authorities confiscated 622,814 liters of pure alcohol, 2,841 liters of liquors, and 1,844 liters of wine. Agitation to abolish prohibition is increasing. The extreme chauvinism of the Finns against the Swedes, numbering 11 per cent of the population, which has thus far prevented any modification of the law, is slowly decreasing.

Because the Swedes were opposed to prohibition from the first, this question has been largely racial in Finland, the Finns solidly opposing the suggestions of the Swedes in the country to change the law.

Swedish distilling, import, and sale of alcohol during the last year the ministry reports 24,619 arrests, 20,532 in 1926. Police confiscated 437,811 liters of booze, mostly pure alcohol, and destroyed 868 stills. During the year 57,151 persons were convicted for drunkenness, including 23,000 women, against 73,829 sentenced in 1926.

Drunkenness in Finland is exceptionally large compared with Sweden, where alcoholic drinks are sold under government control, and in Norway, where prohibition was abolished last year. The population of Finland is 2,000,000, Sweden, with 4,100,000 population, reported only 28,508 arrests, and Norway, with 2,800,000 population, reported 24,619 arrests.

It is noteworthy that Sweden reported 1,400 less than in 1926 and Norway's figures remained the same, while Finland's drunkenness sharply increased.

More drunkenness in Finland was reported in 1927 than in 1926 and Norway's figures remained the same, while Finland's drunkenness sharply increased. In that year 16,344 violations of the law

DISNEY HATS

180 N. Michigan at Lake

FIND MUTILATED BODIES OF TWO WOMEN AND GIRL

San Angelo, Tex., March 11.—(AP)—The bodies of Mrs. J. W. Juergen, her daughter Myrna, 13, and Mrs. Juergen's mother were found in the Juergen home here today. The three had been hacked to death, apparently with an axe. The slaying occurred a week ago, it is believed.

A warrant charging Newt Burns, chauffeur for the Juergen family, with the murders has been issued. Burns is missing, along with the family automobile. Mr. Juergen, an office employee of the Big Lake Oil company near here, and Burns called at a Catholic school here for the girl Friday afternoon, March 1. The girl told a teacher that she would be absent about three days. Juergen, who has been at the Big Lake Oil company since, was telephoned today and started home immediately. He said he had telephoned his family several times but had been unable to get them.

NICARAGUA SEES END OF DEADLOCK ON ELECTION LAW

U. S. Envoy to Supervise
Voting in October.

BY LOUIS ROSENTHAL.
(Chicago Tribune Press Service.)
MANAGUA, Nicaragua, March 10.—With only two remaining sessions of congress, it now is believed in well informed government circles that the so-called McCoy electoral law will be passed by the house of deputies either Monday or Tuesday. This will end the congressional deadlock which has blocked the passage of the law since the arrival of Brig. Gen. Frank McCoy in January. He was appointed by President Coolidge to supervise the coming presidential elections.

Passage of the electoral law is considered vital to the success of the mission of Brig. Gen. McCoy, as under the provisions of the law he is able to take steps necessary to secure a fair election. The bill has twice passed the senate of Nicaragua, but to date has met with stiff opposition in the house of deputies, due principally to the bloc said to be controlled by Gen. Emiliano Chamorro, former conservative de facto president of Nicaragua.

Claim Country Is Not Pacified.
The opposition has repeatedly stated that the law is unconstitutional and also that the pacification of Nicaragua promised by Col. Henry M. Stimson, who investigated the Nicaraguan situation for President Coolidge last year, at the Tipitapa conference is not yet a fact. Gen. Augusto Sandino, Nicaraguan rebel chief, still is waging his successful guerrilla warfare against the United States marines, thus maintaining a state of revolution in a large area in the northern part of Nicaragua. As the rainy season is near at hand, it is declared to be extremely doubtful if the country can be restored to a state of peace prior to the October elections.

Diaz Puts on Pressure.
President Adolfo Diaz is in favor of passage of the law, as he considers his party pledged to support any measure intended to supervise the elections under the plan proposed by Col. Stimson. Gen. Moncada, liberal candidate for president, and his principal supporters have also favored passage of the law, but conservative members have been successful in preventing favorable action.

Due to continued pressure by Presi-

dent Diaz and Minister of Foreign Relations Carlos Cuadra Paez, who has just returned from the Pan-American congress, it now is believed that seven members of the house of deputies, who previously have opposed the law, have been induced to vote for it.

1,000 Rebels Surrender in Mexico; 3,000 Still Hunted

MEXICO CITY, March 11.—[U. P.]—One thousand rebels in the states of Nayarit and Sinaloa have surrendered unconditionally, the war department announced today. Government troops are continuing the campaign against 3,000 rebels operating in Nayarit.

Bulgarian Prima Donna Is Facing Deportation

New York, March 11.—[AP]—A former Bulgarian prima donna who once was cited by European society as the new Puse was found in a rooming house today suffering from a broken foot and facing possible deportation. Mme. Mara Tchoukleva was charged by immigration authorities with breach

of bond for failing to keep them informed of her residence. She said that her foot was broken when she was struck by an automobile on Aug. 2, and that because of the injury she was in bed for three months.

DIES AFTER COLLAPSE AT TABLE.
Mrs. Alfred Harley, 65, of 1845 South Troy street, collapsed at the dinner table yesterday, and died of heart disease before a physician could aid her.

WHO'S WHO?

With stores, as with individuals, the mark of distinction rests with the most progressive.

In sponsoring a "Bottom Prices Guaranteed" policy for its patrons this store has taken a progressive step that challenges comparison. In supplementing this price policy with the promise to refund to the customer the difference in cash if the same article is found selling for less elsewhere, on the same day, this store has backed this policy in a way that is easy to understand.

STIMSON ACTS TO STOP ILLEGAL CHINESE INFLUX

BY R. B. KIDD.

[Chicago Tribune Press Service.]
(Copyright: 1928: By The Chicago Tribune.)

MANILA, P. I., March 12.—Gov. Gen. Henry L. Stimson will confer today with Senator Sergio Osmeña and President Rafael Corpus of the Philippine National bank regarding the trip of the latter to Washington to fight the Timberlake resolution in congress. The resolution would limit the free admission of Philippine sugar to the United States to \$60,000 tons. Col. Stimson will give advice on the manner of procedure and persons to consult in Washington.

Col. Stimson told members of the Philippine Senate association he favored the extension of woman suffrage here, on the occasion of an official call.

Col. Stimson has ordered Col. Blanton Winship, an adviser, to investigate the Chinese question in the Philippines. Chinese are being smuggled in large numbers, with the aid of Moros, from Sandakan, Borneo, and Mindanao, into Jolo and Zamboanga. The smuggling is done at night. Only one insular cutter is on duty in that region, and it is inadequate.

Bill to Curb Chinese Defeated.

Acting Gov. Gen. Eugene Gilmore favored a bill in the legislature last session requiring registration of the Chinese and deportation in case there was no authority for their presence. The bill was killed, largely because the lobbying of Lingoh Wong, Chinese consul general at Manila. Lingoh was transferred to Batavia on account of this.

It is understood Col. Stimson plans to sponsor a similar bill in the next

legislature. It is estimated that there are nearly 20,000 Chinese unlawfully in the Philippines. A Chinese company operating in China, it is reported, guarantees landing and immunity from deportation from the Philippines. In the event of deportation they agree to smuggle the Chinese in again.

Fleet Begins Maneuvers.

The Asiatic fleet, in command of Rear Admiral Mark L. Bristol, began combat maneuvers today. They will continue three days.

The principal problem is to be an attack on the defenses of Manila bay, based at the fortress of Corregidor at the mouth of the bay. In reality the problem is to fight again Admiral Dewey's battle of Manila under modern conditions.

Wealthy English Lord Pays Fleeting Visit Here
Not a ripple in Chicago's social circles marked the arrival here yesterday of the earl of Leven and Melville, whose presence would have created a distinct splash had his coming been heralded. Lord Leven is 38 years old, a hero of the world war, a member of London's ultra-exclusive, social set, son of an ancient family and reputed to be worth considerably more than \$10,000,000.

He arrived from the east and departed last night on the Continental Limited for the west coast. With three companions, he engaged a suite at the Congress hotel, but spent only a few hours there, and then rushed away to catch his train.

Fox Interests May Buy Group of Theaters Here

Negotiations for the sale of the Fox Film interests of a string of Chicago theaters including the Capitol, Avalon, Granada, Marbro, West Englewood, Auburn-Highland, and Stratford are under way, it was learned last night. Deal was made by the Cooney brothers, owners of the Capitol, and others of the group, that the deal had been completed. They said, however, that they would sell if their price was met.

CHICAGO DOCTORS AND DENTISTS TO DEDICATE CLUB

Chicago physicians and dentists numbering more than 400 will attend the dedication and opening tomorrow night of the Medical and Dental Arts club, 185 North Wabash avenue. It was announced yesterday.

Among those who will appear on the dedication program will be Mayor Thompson, Health Commissioner Arnold H. Kegel, Robert Switzer, county clerk, and officials of the Chicago and Illinois State Medical and Dental societies.

"This association of physicians and dentists represents a real civic accomplishment as well as a professional milestone," Dr. Gilbert FitzPatrick said yesterday. "We plan to include nonresident members and welcome all ethical practitioners, thus breaking down a certain aloofness which has been charged to Chicago."

The club was organized several years ago to provide a home for professional organization activities in the city, a center of hospitality for visiting physicians and dentists, and erection of a building adapted for professional offices.

Bottled Sunshine!

—authorities say all babies need it
breast-fed as well as bottle-fed

Of all the new knowledge of baby care which mothers are learning, one fact is being stressed by authorities with special insistence.

It is that every baby is in danger of having soft bones and poor teeth. Even the breast-fed baby needs special protection.

Scientists say that there are two practical sources of protection.

Sunshine and good cod-liver oil.

Sunshine could keep your baby safe if he could get enough of it on his bare body. But clothing and bad weather prevent this. Even ordinary window glass filters out the rays that protect.

So physicians have come to depend upon "bottled sunshine"—good cod-liver oil—as the one practical source of protection. Why?

Because scientists have found that it is the richest known source of the indispensable Vitamins A and D.

Thousands of the leading specialists choose Squibb's Cod-Liver Oil because of its exceptional richness in Vitamins A and D, the substances that protect.

Because Squibb's Cod-Liver Oil is all oil, undiluted, your baby gets maximum protection per spoonful. And Squibb's does not lose its effectiveness with age.

Your physician will tell you that cod-liver oil is necessary in building sound, uncorroded teeth and strong bones. Squibb's Cod-Liver Oil is Vitamin-Tested and Vitamin-Protected. At all reliable drug stores. For your protection insist on Squibb's Cod-Liver Oil.

Commemorate Memory of War Nurse on Wednesday

Commemoration of the birthday anniversary of Jane Delano, who died during the world war while in charge of the nursing service of the American Red Cross, will be held Wednesday in services at St. James Episcopal church. The program is sponsored by the Jane A. Delano post of the American Legion. Speakers will be the Rev. Duncan Browne, rector of the church; James D. Forgan Jr., Chicago chairman of the Red Cross; and Miss E. L. Foley, superintendent of the Visiting Nurses' association.

Explosion and Fire Cause \$10,000 Damage at Factory

Fire following an explosion, apparently of tanks of carbonic acid gas, caused \$10,000 damage to the plant of the Hand Beverage company, in the rear of 1352 North Leavitt street last night. Bottling machinery was wrecked and two trucks stored in the rear of the plant, told police he heard an explosion just before the fire broke out.

available for your immediate wearing

Hickey-Freeman

CLOTHES FOR MEN

These remarkable clothes have all the earmarks of the finest sort of custom tailoring. With consummate skill Hickey-Freeman specialist-tailors stitch and stitch until they needle into each garment comfort, style and enduring good looks.

Avoiding the hard, unyielding character of machine sewing, with thousands of expertly placed hand stitches they build up precision of line and curve, yet keep the soft, pliant, flexible character of supremely comfortable clothes.

That is why they excel in comfort and ease—why they fit difficult figures smoothly and drape correctly.

These clothes have an easy, nonchalant air about them that is unmistakable, and it lasts to the very end of their long period of service.

Yet busy men can select them quickly—and get them quickly.

Their skilled tailoring, their exceptional fabrics, their authentic style—all suggest that you should be wearing Hickey-Freeman clothes, tailored with custom care expressly for us.

AVOID DIZZY SPELLS

Never well. Always tired and fagged out. Beauty tossed away by neglect. To be beautiful and to keep youth the system must be free from poisonous backwash of constipation which often causes dizzy spells. For 20 years Dr. F. M. Edwards gave his patients, in place of calomel, a compound of vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. Known by their olive color. They free the system of poisons that ravage health, energy, beauty.

You need never have a yellow complexion, dull eyes, coated tongue, throbbing headaches—all signs that your bowels are clogged. Have torpid. Take Dr. Edwards' Olive Tablets nightly. They act smoothly and without griping. How much better you'll feel and look! Everywhere wise men and women who know the value of good health take Dr. Edwards' Olive Tablets. All druggists, 15c, 30c, and 60c.

DR. EDWARDS' OLIVE TABLETS

headache

BAUME BENGUE (Germans call it Baume) is a safe and sure remedy for all throbbing, splitting pain in the head. Applied freely to the forehead and back of the neck, rubbing in thoroughly, it brings prompt and blessed relief without the depressing effect of most external remedies. It is more effective than other external agents and will not burn or blister.

S. ANARCHIST TO RAIL MAGNATE; A RUSSIAN STORY

Shatoff Builds a Big
Line in Siberia.

(Specialist: 1928: By the New York Times.)
MOSCOW, March 11.—From radical agitator just one jump ahead of the police to manager-in-chief of the most important railroad now building anywhere in the world is a considerable change in less than ten years and says something for the Russian anarchist union as a land of promise.

That is the record of Bill Shatoff, former American anarchist and now in charge of construction of the Siberian-Turkistan railroad, which will open a central Asian go-round to the world and add hundreds of millions to the national wealth.

Since his arrival in Russia ten years ago Shatoff has been a "pinch hitter" in a dozen key positions. He helped with characteristic vigor to repel Gen. Fokanov's drive on Petrograd. On another occasion this anarchist—who formerly enough never joined the communist party—went to the Kremlin to "kill the sheep from the goats" among 400 alleged anarchists arrested as the result of a bomb outrage when an anarchist group killed a score of communists.

"We saved the good ones," says Shatoff with a grin, "and let the bad ones deal with the rest."

Becomes Bank President.

Later he collaborated with Serebrenski in putting the Soviet oil industry on its feet. Then he was a bank president at Rostoff, then one of the directors of the Soviet Metal Trust, and now is building a railroad. He is always cheerful, nifty, and efficient, and always successful.

The "Turkistan" railroad, the Russians call it, will link branches from the Trans-Siberian Grand Trunk system to a branch from the Moscow Central Asian system. It will cost \$100,000,000, extend 100 miles and be finished in four years, or sooner. By the end of this year more than a third of it will be completed.

There are 25,000 men at work down there near the Chinese border and this year's expenditure is more than \$15,000,000, of which \$2,000,000 will be spent in the United States for equipment—steam shovels, air drills, compressors, perforators, auto dump cars, cranes, excavators, stone crushers, and concrete mixers. The Anarchist Shatoff, who narrowly outjumped the Chicago sheriff, is a 100 per cent advocate of American methods of equipment in his new vocation as oil and metallurgical official and railroad magnate.

Taps Rich Mineral Areas.

"You see," Shatoff explained, "all that land north of Lake Balkhash is enormously rich in nonferrous metals, copper, zinc and lead. That is proved already and once we can build roads we can freight it along Lake Balkhash to the railroad. There is gold, too—the whole region is just flooded with minerals."

What counts more is transportation for Siberian grain and Turkistan cotton. The latter region in ten years is expected to produce enough cotton for total Soviet consumption. Hardly less important will be the tapping of the commerce of a vast prosperous area in China and Turkistan—now virtually cut off from central China by the Gobi desert.

RESERVES HERE PLAN CAMPAIGN FOR BIGGER NAVY

(Picture on back page.)
Naval reserve officers from the thirteen states represented in the Ninth naval district yesterday at their annual meeting decided upon a vigorous campaign in behalf of a larger navy. Resolutions were passed strongly endorsing President Coolidge's recommendations to congress to approve an expenditure of \$320,000,000 for naval defense.

Rear Admiral H. J. Ziegler, commander of the district, was the principal speaker at the meeting, held aboard the steamship Commodore, at the foot of Randolph street. He commended the plan calling for the building of twelve new light cruisers and one airplane carrier in the navy.

The secretary of the Naval Reserve Officers' association was ordered to send telegrams to every representative and senator urging them to vote in favor of the appropriation. "We're in direct opposition to the

pacifists who would trim the United States Navy to the size of a fishing fleet," declared Capt. Edward A. Evers, president of the association, and director of the Illinois branch.

The state directors present and the states they represent were: Lieut. O. F. Heasler, Indiana; Lieutenant Commander R. T. Brodhead, Michigan; Lieut. E. F. Klefer, Wisconsin; Capt. G. F. Schwartz, Missouri; Capt. A. F. Nicklett, Ohio; and Capt. Evers, Illinois.

About one hundred officers, members of the association, were present.

Cake, Blamed for Illness of Five, to Be Analyzed

Samples of a coffee cake eaten Saturday night by five members of a family who became ill immediately afterwards were sent yesterday to the health department for analysis. Police learned that the pastry was purchased from a neighborhood bakery. Those affected were George Siegestadt, of 3033 Sarak avenue; his wife, Cecilia, and Alfred, 17, Cyril, 11, and Cecile, aged 14.

Twitted About Her Age, Kills Wealthy Gambler

New Orleans, La., March 11.—(Special.)—Oakley B. Harris, rated as one of the wealthiest gamblers in the United States, was shot and killed today by Mrs. Sara Haaberg Gastaas Kelloway, his common law wife. Mrs. Kelloway made a written confession. She fired the fatal shot, she said, when Harris ignored her pleas that he give her more attention, and answered her, "I've been paying too much attention to you. You're too old."

Lovely Silver
is less by 10% to 33 1/3%

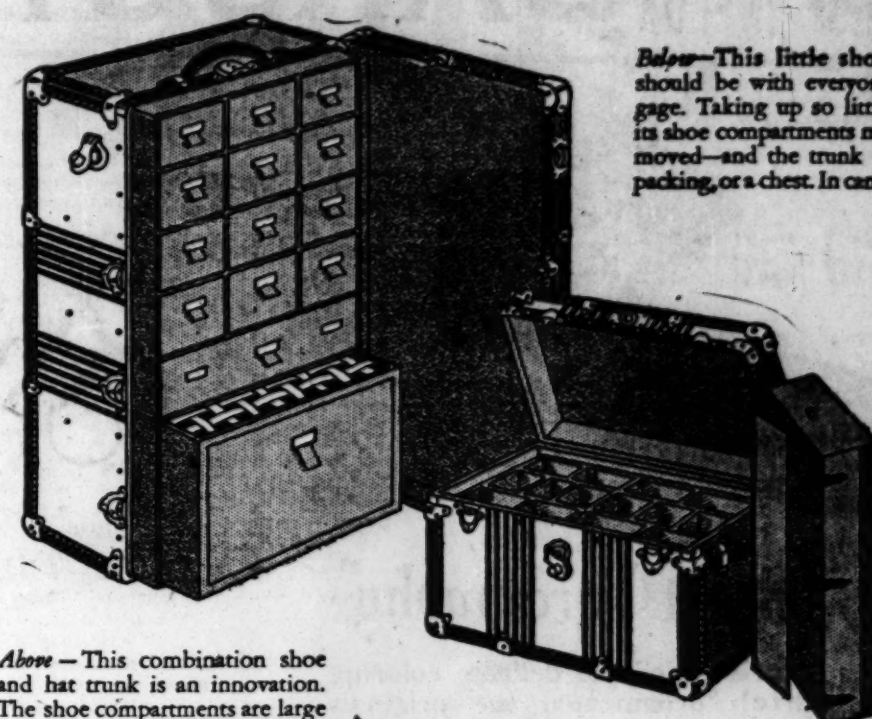

MARCH brings discounts to the Silver Shop—discounts of 10% to 33 1/3%—discounts that embrace the entire glorious collection with flatware alone excepted.

There is everything that good taste sanctions—everything that social usage requires. Everything silver-smiths ever dreamed of—from the plainness of the primitive to the richness of the Renaissance—from the patterns of antiquity to the prismatic simplicity of modern art.

There are coffee and tea services—trays and tree platters—candlesticks, cocktail sets and candelabra—and all less by 10% to 33 1/3%.

MARSHALL FIELD & COMPANY

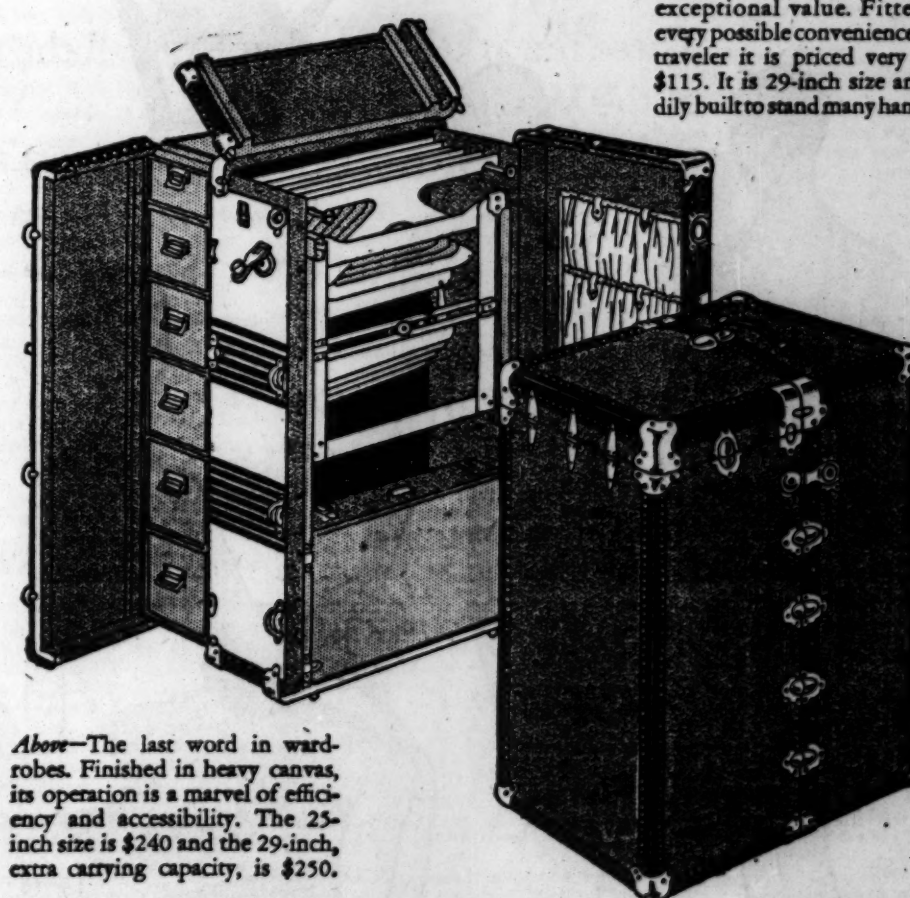

Below—This little shoe trunk should be with everyone's baggage. Taking up so little room, its shoe compartments may be removed—and the trunk used for packing, or a chest. In canvas, \$20.

Above—This combination shoe and hat trunk is an innovation. The shoe compartments are large and the hat cage is especially designed to care for today's clothes. Finished in heavy canvas, \$200.

These Trunks Are the Very Acme of Travel Luxury

What a satisfaction it is to know that one's clothes... all selected with such care... are perfectly carried! With such trunks as these not only the actual carrying problem is solved but the question of correct storage upon arrival at the destinations of the modern traveler is completely settled. The modern wardrobe, in its diversity, must be beautifully housed and nowhere will be found more perfect settings for beautiful things than in these luxurious trunks.

FOURTH FLOOR, SOUTH, WABASH

Below—This fine fibre trunk is an exceptional value. Fitted with every possible convenience for the traveler it is priced very low at \$115. It is 29-inch size and sturdily built to stand many handlings.

Above—The last word in wardrobes. Finished in heavy canvas, its operation is a marvel of efficiency and accessibility. The 25-inch size is \$240 and the 29-inch, extra carrying capacity, is \$250.

CARSON PIRIE SCOTT & CO

The New Reboux Sailer

"Poiré Pyrography"

Paris called the delicate coloring which ornamented the originals of these bags—created by Poiré. Beautiful copies—of supple beige suede-like kid—are hand painted in rich soft shades that fuse into lovely tones with the leather. A wide selection of designs, priced according to size, \$10.50, \$15 and \$18.50.

First Floor, South, State.

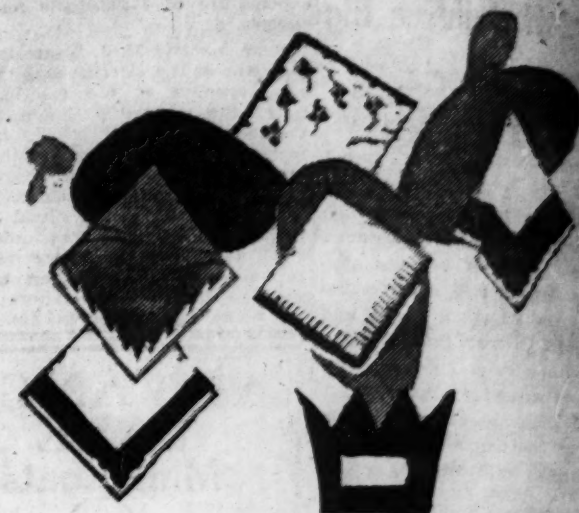

Fabrics of Fashion

Celanese voiles in exquisitely sheer quality are in subtle and high colorings, and novel designs. \$1.75 yard.

Printed handkerchief linen in modern and chintz-effect designs on a white ground are accorded an important place in vogue. \$1.50 yard.

Rayon satin in plain light and dark colors have a high sheen most effective in slips and draperies. \$1.45 yard.

Second Floor, North, State.

A Parisienne's Handkerchief

A bit of linen, dainty as a wisp of cloud, colorfully feminine as the new mode it matches, and withal the ultimate of smartness—each of these lovely new handkerchiefs, hand-made in France. \$1 each.

First Floor, North, State.

Rounded Slenderness

The new foundation garments are designed thus to mold the figure. For the small figure, a garter girdle with silk step-in is \$6. Bandeau, \$1.50. An all-in-one garment of striped rayon has small elastic gore. \$5.

Third Floor, East.

Presented In the French Shop

... Simplicity, startling in lines that etch a new fashion exquisitely against the feminine grandeur of the present mode, and gives a new conception of the word chic. Rough straw shaded from natural to reddish brown is the medium—so it is unbelievably becoming and extremely original, of course. The red grosgrain band is crowned very snugly in points.

A "Cellophane" hat of Marthe Regnier's, a felt of Descat's, a silk and Milan of Eliane's, arrived, too, to inspire the decided modes of Spring. Accordingly, \$35 to \$75.

Fifth Floor, North, State.

Spring in Negligees

With a luxuriousness in the shimmering lights of rayon and silk in embossed design. Peach-color, coral, gold-color, orchid, green, blue, red, or black with red, gold-color, blue, green. \$7.75.

Third Floor, North, State.

New Notes in Lingerie

A bandeau set with French style drawers with fitted yoke has a perfect fitting bandeau. Elaboration is restrained to hemstitching and a bit of handwork. \$5.

A bloomer combination, combining bloomer and bodice top attached, has appliqued net. \$5.

Third Floor, North, State.

Sweeping Lines

Aglint with crystal, inspire fullness and soft shirring to give this evening frock feminine grace. Adapted from a Bernard model in crepe Elizabeth, in black, orchid, rose, pink. For women. \$115.

Fourth Floor, North, State.

Gracious Lines

In a coat of silk crepe, beautifully shaded and enriched and weighted with bands of fur that blend with color and line. In tan, green, blue. For women. \$185.

Fourth Floor, North, State.

The Vogue of Blue

In ensemble costumes a snug jacket-effect and pockets are effected in tucking at the hipline. And so are new fitted lines brought out in both the navy coat and the beige silk blouse. For women. \$125.

Fourth Floor, East.

Dull Kidskin

A slender pump of dull kid smartly poised on a graceful heel finds the culmination of its chic in a cut steel buckle. \$18.50.

Third Floor, South, State.

WHAT'S WHAT IN
GOLF GOES ON
DISPLAY TODAY

Third Annual Show Opens
at Hotel Sherman.

Known as the "world's greatest
show of golf," Chicago's third inter-
national golf show and country club
exposition opens this morning at the
Hotel Sherman. From 10:30 a. m.
to 6:30 p. m., then for six days, the
show will display the bare necessities
of golf will mingle for the edifica-
tion of those who feel the urge
to become golfers. It is expected
that 10,000 local fans and quite a
few hundred visiting delegates.
Everything that is needed to partici-
pate in the ancient Scottish pastime and
which is not needed but is helpful,
is listed in the catalogue
of the show. Exhibitors who sponsor the
exposition. Ample opportunity will
be given for those who feel the urge
to become golfers to warm up on
an indoor court.

Walter Cup to Open Show.
The show will open with the arrival
of the Walter cup, the amateur trophy
that is contested for yearly by teams
of eight representing the best simon
sons of Great Britain and the United
States. The cup has been safely reposi-
tored in a local bank vault the last week.
A dozen of the sharpshooting profes-
sionals will lead a helping hand to
those who would like to break one hun-
dred and over. Walter Hagen, dean
of the nation's pros, will demonstrate
the driving and putting work, and Jack
Nicholson, topick shot artist, will be on
hand also.

Archery Will Have Exhibit.
The country club exposition that is
held in connection with the golf show
will elaborate on the other necessities
that the well posted country club has.
Archery and other sports will come
under the share of attention. Today
and tomorrow have been designated as
after days by the directors.

Carroll's Rally
Beats Setters in
K. of C. Game

Salvino's basket, followed by his
throw, in the closing seconds of
the second overtime period, gave Car-
roll a 32 to 31 victory over Setters
yesterday at the West Side K. of C.
clubhouse, and marked the culmination
of a brilliant uphill battle that
kept the winners in the running for
a place in the Knights of Columbus
championship series.

Cuhel Trains
for Olympic
400 Meter Run

Frank Cuhel, captain of the Univer-
sity of Iowa team, which finished sec-
ond in the eight-
eighth annual in-
door track and
field champion-
ship meet of the
western confer-
ence at Iowa City
Saturday night,
will be groomed
for the 400 meters
Olympic hurdles
as soon as the
outdoor intercol-
legiate season is
over.

The Hawkeye
leader is a natu-
ral hurdler and
one of the best
quarter-milers in
the country. Cuhel was unofficially
timed in 49.5 for a quarter mile last
Saturday night when the Iowa quartet
won the one mile relay and lowered
the Big Ten record from 3:29 to
3:24.216. Frank made this exceptional
time on a six lap track.

Thursdays Work's Record.
Earlier in the meet the Iowa captain
won the 70 yard high hurdles in
28.8-10, which is two-tenths of a sec-
ond slower than the world's indoor
record. Cuhel repeatedly has won the
120 yard high hurdles in less than
fifteen seconds and appears to be run-
ning faster than ever before in his
successful career.

George T. Brennan, the Iowa
coach, believes Cuhel not only will win
the 400 meters hurdles in the Olympic
trials but that he will smash all
existing records for the event.

The indoor championships, which
were won by Illinois after an interest-
ing struggle with Iowa, were pro-
nounced highly successful by Big Ten
athletic directors and coaches. It was
the first time in the history of the
championships that they were held
any place except Patten gymnasium
at Northwestern university.

Four Big 10 Marks Fall.
Four conference records were shat-
tered and two established. One of
the marks broken was in the pole
vault. William Droegemueller of
Northwestern not only smashed the
conference record of 13 feet 4 in-
ches

Chicago Bowlers Crash Into
Elite of A. B. C. Tourney

Kansas City, Mo., March 11.—[Spe-
cial.]—Chicago bowlers, making their
initial appearance in the doubles and
singles events of the American bowling
congress tourney here today, landed
several top spots. The Chicago pin-
sters not only landed positions among
the leaders, but also smashed the pins
for high counts which may come in
for slices of the \$75,000 prize melon.

"Buck" Flint, member of the Kraft
Recreation five, rolled into the lead
in the all-events with 1,850. The Chi-
cago bowler counted 572 in the five-
man event, followed with 601 in the
doubles, and picked up 607 in the
singles.

M. Eppert and W. McCabe, mem-
bers of the Schuenneman Uptown five,
rolled into temporary first place in
the doubles with 1,267. Eppert clipped
the maples for a count of 664, while
his partner spilled 603.

C. Emmmons was the best of the
Windy City league pin knights in the
singles. He shot consistently in scor-
ing 210, 235, and 220 to land second
in the solo division with 653.

Harry Klatt, although performing
poorly with the South Shore Recrea-
tion team in the five-man event, came
through with 654 in the singles, while
F. Cider, in spite of four errors,
chalked up 650 for the third best count
among the visitors in the singles.

Leading scores of Chicago bowlers:
SINGLES.
Emmons 210 235 220-665
Klatt 191 228 237-656
Cider 223 240 187-650
Nelson 215 247 198-660
Barrett 243 209 198-650
Watson 232 214 195-638

but he cracked the American record
for vaulting off a dirt floor by clear-
ing the bar at 13 feet 2 1/4 inches. Paul
Harrington of Notre Dame held the
former American record at 13 feet 1 1/4
inches.

Boston Bruins Wallop
Rangers, 1-0; Swell Lead

New York, March 11.—(AP)—The
Boston Bruins increased their lead
over the New York Rangers in the
American group of the National
Hockey league to two full games here
tonight when they blanked the New
York Americans, 1 to 0.

St. Monica and
Hofbauer Win
Forester Tilts

Two of the favorites maintained
clean slates in the second day's play
of the finals series of the Catholic
Order of Foresters Basketball league
at St. Rita gym yesterday. Hofbauer
and St. Monica, north division teams,
rode through to victories over St. Ga-
briel and St. Elizabeth, which kept
them in a tie for first place with two
wins and no defeats.

Hofbauer was forced to perform at
its best to dispose of St. Gabriel, 22 to
17, in the first game. St. Gabriel held
the league champion to an 8 all tie at
half time, but fine shooting by Flannery
and W. Lebbin in the second peri-
od gave Hofbauer a safe lead, which
it maintained to the finish.

Englewood flashed a powerful offen-
sive in the second game to defeat a
crippled Western Reserve team, 31 to
17. The south siders opened rapidly
with their sharpshooting. Kewesa
picking off short counters, and held a
15 to 7 advantage at the half.

St. Monica romped to a 44 to 21 vic-
tory over St. Elizabeth in the last
game of the day. Richey made seven
baskets and one free throw. Lineups:
HOFBAUER (22), ST. GABRIEL (16).
HOFBAUER (22), ST. GABRIEL (16).
HOFBAUER (22), ST. GABRIEL (16).

Taylor Trunks Five Baries
Badger Girl Champs, 39-14

Manitowoc, Wis., March 11.—[Spe-
cial.]—The Taylor Trunks girls' bas-
ketball team easily won over Mani-
towoc Folies, Wisconsin state cham-
pions, 39 to 14, here tonight. The vic-
tory swept through the home defense
to score at will.

HOW INDUSTRY GROWTH TRADES NEW JOBS FOR OLD

BY HARPER LEECH.

Here is an interesting sidelight on the question of creating new jobs for men displaced by machinery and increased shop efficiency.

The report of the American Telephone and Telegraph company for 1927 shows that the Bell system, on Dec. 31, 1927, had a total of 231,316 employees; on the same date in 1925, 239,005, and on Dec. 31, 1927, 208,911. The increase from 1925 to 1927 was 77,595. The increase in 1927 alone was 8,283.

This bears out very well the estimate of E. S. Gregg, quoted in this column on Jan. 14. In estimating the new jobs created in this country in the period in which factory employment, as disclosed by the partial returns and indexes of the federal and state bureaus, showed a decline, Mr. Gregg arrived at a total of 2,100,000 new jobs—a number in excess of the decline in factory and railroad jobs in the period he covered, but as shown in this column, just about enough to balance the simultaneous increase of the population of working age.

Mr. Gregg's estimate of increased telephone employment was 50,000 and the corporation statement now shows that he was conservative as to that item. As the telephone industry is one in which capital plays such a great part in operations as compared to labor, and a great deal of capital invested may create a few new jobs, the growth of employment in it shows how jobs can be provided for the country at large, if financiers and business men keep everlastingly at it, and refuse to consider America a finished country.

In this period in which 77,595 new telephone jobs were created, it is interesting to observe that the number of telephones increased from 15,601,938 to 18,365,484. In the same period the number of dial phones, which eliminate so many exchange jobs, jumped from 157,095 to 2,550,170.

While the Bell system was adding 17,538 employees, it gained about 250,000 stockholders. It has about 200,000 more stockholders than workers, and 75,000 of the employees own stock.

Press dispatches have quoted Mr. E. S. Gregg, chief of the United States bureau of labor statistics as expressing the opinion that we have passed into a foreseen critical period, in which labor saving by machinery has definitely overtaken and passed the creation of new jobs in new activities.

Mr. Stewart naturally puts great store by the indexes of employment of his bureau, but it is worth noting that his indexes based on partial returns show between 1923 and 1925 a decline of 8.9 per cent in factory employment, but the two censuses of manufacturing for those two years show a decline of only 4.4 per cent. The census takes in all plants and, of course, gets the new industries before the other bureau does.

Mr. Stewart thinks that if the April employment returns disclose no change of trend, our only out is shorter hours.

If Americans, with a content to develop, with the possibility of multiplying their average income by five in the next half century, have no better answer to this question than a retreat—a resort to subtraction and division instead of addition and multiplication, then we are a nation of incompetents.

The circulation of capital and creation of new industries is not the best organized feature of the capitalist system of production, to date. But the same critical point is where socialistic economies completely break down, as Russia obligingly has proved.

TOPICS OF FINANCE, TRADE AND INDUSTRY

(BY THE ASSOCIATED PRESS.)

American shares of Debenhams Securities, Limited, controlling the largest chain of department stores in Great Britain, will be marketed by Goldman, Sachs & Co. and Brown Brothers & Co. An issue of 85,000 shares will be offered at \$15.00 a share. Application will be made to have the shares listed on the New York stock exchange.

Stock market statisticians see various ways to look on General Motors common as still being cheap at its present level. They figure that with standard industrial selling at an average of nearly 17 times earnings, General Motors could sell much higher on the basis of last year's profits of \$13 a share, and even higher with current earnings reported to be running about 25 per cent ahead of 1927. At this rate 1928 earnings would be about \$17 a share. Allowing for any slackening in the rate of gain, it is calculated a conservative estimate would be \$15 a share this year.

Heads of various copper companies are reported as confident over the future of the metal. Although the price has not advanced, it has been well maintained around 14 cents a pound, which is said to mean a good profit for most producers. An executive of one of the largest groups recently said he looked for prosperity for copper companies for the next two years at least.

NOTICE OF REDEMPTION Southern Illinois Railway and Power Co.

First Mortgage Gold Bonds NOTICE IS HEREBY GIVEN TO all holders of outstanding First Mortgage Gold Bonds of SOUTHERN ILLINOIS RAILWAY AND POWER CO., an Illinois corporation (hereinafter referred to as the "Company"), issued under and secured by the indenture of mortgage or deed of trust dated October 1, 1914, and the indenture supplemental thereto dated July 1, 1917, both executed by said Southern Illinois Railway and Power Co. to Fort Dearborn Trust and Savings Bank, as Trustee (Continental National Bank and Trust Company of Chicago being now the Trustee under said mortgage and supplemental indenture), said bonds being dated October 1, 1914, and maturing October 1, 1942, that pursuant to the provisions of said mortgage and said bonds the Company has elected to redeem and pay on April 1, 1928, all said described bonds outstanding under said mortgage and supplemental indenture at the office of Continental National Bank and Trust Company of Chicago, in the City of Chicago, Illinois, at par and accrued interest to said date, together with a premium of five per centum (5%) upon the principal thereof, and that all said bonds will become due and payable on said date at said office. Interest upon each of said bonds will cease from and after April 1, 1928. All said bonds, with all coupons maturing on or after said date, should on that date be presented and surrendered to said Trustee for redemption as aforesaid.

Any of the above bonds, with all unremitted coupons attached, will be accepted and prepaid at said office of the Trustee at any time prior to the redemption date at 105 and accrued interest to the date of redemption, less discount at the rate of four per centum per annum from date of payment to April 1, 1928.

S. S. Kresge.
L. L. R. Petersburg, Ill.—S. S. Kresge company, in the consolidated income account, reports sales of \$133,847,476 for 1927, as compared with \$119,218,007 for 1926.
The year was a record for sales.
Net income for 1927 was \$13,977,005, against \$12,564,442 for 1926.
This was equal to \$698.85 a share earned on the preferred and \$3.76 a share on the common stock (par \$10) in 1927, compared with \$625.22 a share on the preferred and \$3.36 a share on the common in 1926.
Surplus for the year was \$9,423,853 in 1927, against \$7,950,310 in 1926.
Total surplus stood at \$23,041,539 at the end of 1927, as compared with \$19,618,486 at the close of 1926.
Current assets were \$28,214,035, and current liabilities, \$6,894,532 at the end of 1927.
This left net working capital of \$21,319,503, which compares with \$12,866,901 at the end of 1926.
Sales for the first two months of 1928 were \$17,977,450, against \$16,284,659 for the first two months of 1927.
Dividends at the annual rate of \$1.20 are being paid on the common.
In addition an extra of 40 cents has been declared payable March 31, 1928, to stock of record March 10.
This is a high grade stock. The preferred is very high grade. We cannot predict the course of the market.

(After issuance and sale of 75,000 shares of Common Stock and the retirement, on May 1, 1928, of all of the outstanding Preferred Stock.)

	Authorized	Outstanding
Common Stock (par value \$10)	275,000 Shares	275,000 Shares

The Company has no funded indebtedness

The following information has been summarized by B. L. Worden, Esq., President of the Company, from his letter dated March 8, 1928, describing the Company and its Common Stock:

Business and Properties: The Cutler-Hammer Mfg. Co. was incorporated in Wisconsin in 1899 and acquired the electrical business of the Cutler-Hammer Mfg. Co. of Chicago, Illinois. In 1907 a wholly owned subsidiary, the Cutler-Hammer Manufacturing Company, was incorporated in the State of New York, for the purpose of more advantageously handling business in the East. These companies have been important factors in the electrical industry for more than twenty years. Their products, consisting principally of electrical control apparatus, are broadly distributed among almost all industries, some of the principal ones being blast furnaces, iron and steel mills, mines and quarries, textile, paper, shipbuilding, automotive, rubber, publishing, railroad, gas, cement, electric light and power companies and manufacturers of motor driven machinery.

The Company is in an unusually strong position with respect to distribution of its apparatus among various manufacturing industries. Because of the broad application of its products and the relatively small size of its average account, depression in any single industry would be only slightly reflected in sales.

Management: No change is contemplated in the executive management or operating organization. All executives of the Company are shareholders, as are also the principal members of the operating organization, many of whom have been with the Company for a long time. This organization has been responsible for past success and is thoroughly trained and fully acquainted with the details of the business.

Earnings: The consolidated earnings of the Company and its subsidiaries, after all deductions, including depreciation and Federal income taxes, available for dividends on the Common Stock, after the issuance and sale by the Company of 75,000 shares of Common Stock and the retirement, on May 1, 1928, of all of the outstanding Preferred Stock, as certified by Messrs. Howard Kroehl & Co., certified public accountants, for the years 1925, 1926, and 1927, were as follows:

Years Ended	Earnings (as above)	Earnings Per Common Share (as above)
December 31, 1925	\$1,411,031	\$5.13
December 31, 1926	1,668,117	6.06
December 31, 1927	1,430,214	5.20

The above earnings do not include profits from the sale of investments and dividends received thereon, and funds applicable to other years, amounting to \$134,864 in 1925 and \$222,892 in 1926.

For the three years ending December 31, 1927, earnings, as shown above, averaged \$5.46 per Common Share. The decrease in earnings in 1927 from the earnings of 1926 is attributable to the general business conditions prevailing in the industry.

Balance Sheet: The consolidated balance sheet of The Cutler-Hammer Mfg. Co., and its subsidiaries, as of December 31, 1927, as certified by Messrs. Howard Kroehl & Co., certified public accountants, after giving effect to the issuance and sale by the Company of 75,000 shares of Common Stock and the retirement, on May 1, 1928, of all of the outstanding Preferred Stock, shows current assets of more than six and one-half times current liabilities, and net current assets amounting to \$3,650,655. The Company and its subsidiaries have no bank indebtedness, and cash and marketable securities alone are more than one and one-half times current liabilities.

Purpose of the Issue: The proceeds from the sale by the Company of 75,000 shares of Common Stock will be used towards the retirement of all of the outstanding Preferred Stock of the Company, which will be called for redemption on May 1, 1928.

General: In the opinion of the management, the strength of the electrical industry and the record of the Company warrant continued confidence in the Company's future prosperity.

We offer this stock when, as, and if issued and received by us, subject to the approval by counsel of all legal proceedings. Legal matters will be passed upon by Messrs. Beckman, Bagley, Clark & Critcham, New York, for the Bankers, and by Messrs. Bottom, Hudnell, Lecher, McNamara & Mitchell, Milwaukee, for the Company. Books and accounts of the Company have been audited by Messrs. Howard Kroehl & Co., Chicago.

It is expected that delivery of temporary stock certificates or interim receipts will be made on or about March 21, 1928, at the office of Cassatt & Co., 5 Nassau Street, New York, against payment therefor in New York funds.

Application will be made to list this stock on the New York Stock Exchange.

NOTICE OF REDEMPTION

National Public Service Corporation

To the holders of National Public Service Corporation Thirty-Year 6% Sinking Fund Collateral Trust Gold Bonds, Series A, due February 1, 1948, and Thirty-Year 6% Sinking Fund Collateral Trust Gold Bonds, Series B, due February 1, 1947:

NOTICE is hereby given as provided in Article IV of the Trust Indenture of National Public Service Corporation to The New York Trust Company, Trustee, dated February 1, 1928, securing an issue of Thirty-Year 6% Sinking Fund Collateral Trust Gold Bonds, Series A, due February 1, 1948, and Indenture, supplemental to said Trust Indenture, dated February 1, 1927, creating an issue of Thirty-Year 6% Sinking Fund Collateral Trust Gold Bonds, Series B, due February 1, 1947, that National Public Service Corporation has elected to redeem and pay off all of its said Bonds on April 1, 1928, which may be outstanding on said date, off all of its said Bonds, there will become due and payable upon each of said Bonds at the office of The New York Trust Company, Trustee, 100 Broadway, in the Borough of Manhattan, City and State of New York, the principal amount of said Bonds, together with accrued interest to April 1, 1928, plus a premium of five per cent. (5%) of the principal thereof. The holders of all of said Bonds are hereby notified to surrender such Bonds for payment and redemption on or after April 1, 1928, at the principal office of The New York Trust Company, at 100 Broadway, New York City, together with coupons maturing on and after August 1, 1928. Bonds registered as to principal should be accompanied by proper instruments of assignment and transfer in blank.

NATIONAL PUBLIC SERVICE CORPORATION

By C. B. ZEIGLER, Vice-President.

NOTE: National Public Service Corporation will purchase after the deposit with the Trustee of the money necessary to call said bonds and before April 1, 1928, any or all of said bonds (with August 1, 1928, and all subsequent coupons attached) presented for such purchase at the principal office of The New York Trust Company, at the call price and accrued interest to April 1, 1928, on a four per cent. (4%) bank discount basis figured to the date of redemption, namely, April 1, 1928. It is expected that such deposit will be made about March 15, 1928.

BIG GRAIN BUYING
BY EUROPEANS
PUZZLE TRADERS

BY CHARLES MICHAELS.

Efforts to advance wheat values on prospective heavy abandonment of winter wheat acreage before there had been any growing weather of consequence have come to naught in the old crop position is commencing to show up as a factor that may have considerable influence on prices, however, and with a crop decline in the offing, not only in the United States, but also in Europe, the rank and file of traders are disposed to favor the buying side on the situation.

Rains Help Wheat Sell.

Highly beneficial rains have fallen over part of the American winter wheat belt and more favorable comment as to the outlook have been received from the northwest, although there is still a large area that needs additional moisture in that section. Local observers declare that it will be the middle of April before the actual loss of acreage in the central west can be determined.

March wheat, which sold up to \$1.40 early during the last week, eased rapidly toward the last, breaking 4 1/2¢ from the outside figure, and closed 1/2¢ higher to the week at \$1.41, while May wheat was at \$1.26 1/2, and July 1/2¢ lower at \$1.23 1/2 on Saturday. Prices follow:

CORN IN SHARP DECLINE.

Corn prices have commenced to fluctuate with extreme rapidity with the last figure on the present upturn made on Friday due to a bullish construction placed on government report on farm holdings, with a decline of 100,000 bushels, and a decline to the lowest of the week on Saturday. Prices follow:

Three Legs Sell Out.

Three legs were on the selling side of the last week, and prices averaged lower despite a bullish report on the statistical position as indicated by the government farm reserve report.

Stocks in all positions on March 1 were the lowest in over 10 years. Seeding was made far progress, but field work will be impossible this week in many sections due to recent heavy rains. Closing rates Saturday were 1 1/2¢ to 1 3/4¢ lower with March 1 1/2¢, May 1 1/4¢, and July 1 1/4¢.

Range of prices follows:

March, 1 1/2¢ to 1 3/4¢; May, 1 1/4¢ to 1 1/2¢; July, 1 1/4¢ to 1 1/2¢.

March, 1 1/2¢ to 1 3/4¢; May, 1 1/4¢ to 1 1/2¢; July, 1 1/4¢ to 1 1/2¢.

March, 1 1/2¢ to 1 3/4¢; May, 1 1/4¢ to 1 1/2¢; July, 1 1/4¢ to 1 1/2¢.

March, 1 1/2¢ to 1 3/4¢; May, 1 1/4¢ to 1 1/2¢; July, 1 1/4¢ to 1 1/2¢.

March, 1 1/2¢ to 1 3/4¢; May, 1 1/4¢ to 1 1/2¢; July, 1 1/4¢ to 1 1/2¢.

March, 1 1/2¢ to 1 3/4¢; May, 1 1/4¢ to 1 1/2¢; July, 1 1/4¢ to 1 1/2¢.

March, 1 1/2¢ to 1 3/4¢; May, 1 1/4¢ to 1 1/2¢; July, 1 1/4¢ to 1 1/2¢.

March, 1 1/2¢ to 1 3/4¢; May, 1 1/4¢ to 1 1/2¢; July, 1 1/4¢ to 1 1/2¢.

March, 1 1/2¢ to 1 3/4¢; May, 1 1/4¢ to 1 1/2¢; July, 1 1/4¢ to 1 1/2¢.

What if an accident like this should happen to you? The crash shown in this picture made a hospital case and a mighty big hole in somebody's pocketbook. No matter how careful a driver YOU are, you never know what "the other fellow" will do. Be protected. Keep out of court. Have on your side a big strong insurance company like Liberty Mutual to save you from crushing loss.

Photo by U. & U.

This Company Works for YOU

YOU expect three definite things from the company which insures your automobile. First, you want it to be reliable—no doubt about its strength. Next, when you need service you want it without quibble or delay. Third, you want this strength and service at the lowest possible cost.

As a fair answer to fair demands, we invite you to read the following:

The Liberty Mutual Insurance Company was organized to provide insurance at the actual cost of protecting its members against loss. It is owned by the policyholders and managed by them under the notable Board of Directors on the right. Its resources total over \$16,000,000 and in its 16 years of operation it has written over \$86,000,000 in premiums. You may judge its standing by hundreds of prominent individuals and corporations which carry Liberty Mutual insurance year after year.

Since the Liberty Mutual is owned by its policyholders, it has no other interests to serve. This company works for you because you are the company. If you have an accident, you simply call up the nearest Liberty Mutual office and report the facts. Your own adjusters immediately assume the re-

sponsibility of investigating and settling the claim. Of every 300 Liberty Mutual cases, 199 are settled out of court.

Now as to cost. The Liberty Mutual charges the standard rates maintained by other reliable companies. But here's your advantage: This company sells all policies direct through its own salaried representatives—on a "factory-to-consumer" basis. It insures none but reputable persons who are careful drivers. By savings in selling costs and by avoiding reckless losses, it has always paid its policyholders a yearly cash dividend of at least 20% of their premiums—a clean saving of one-fifth to you.

You can bank on the Liberty Mutual's strength. You can count on service that is personal, interested, prompt. You can get insurance at "wholesale" cost—at a saving which has never been less than 20 cents out of each dollar. By virtue of these plain facts, this company solicits your business. Telephone or call at any office below or mail the coupon.

Harvard's Famous Hasty Pudding Club Coming to Chicago

BY THALIA

On a Sprague, president of the Harvard club, and the officers and directors of that organization can be seen in the city of Chicago, and it is through their earnest suggestion that Harvard's famous Hasty Pudding club, the oldest university dramatic club in these United States, is to make its first appearance in Chicago. It is to present its 82d annual production, "Not Now—Later," at the Eighth Street theater on Monday evening, April 9.

Incidentally, this year marks the club's first journey into the west. Before now it has been confined to the east and west of Albany, although it has taken the annual play on tour since shortly after the civil war. The committee in charge of the Chicago appearance is William C. Hubbard, chairman; L. MacFarland, William J. Lougherick Jr., Frederick W. Hubbard, and Charles Rollin Larrabee. Dinner parties-galore and a supper dance for the actors following the play are on schedule.

Wayne Ned, Newton Neff's son, who is a junior at Harvard now, is undergraduate manager of the show. The club's history, outlined to me by Mr. Hubbard, is fascinating. In 1844, when the first regular play was given, the activities consisted of mock trials. Costuming was introduced in 1850. A crisis occurred in 1861, when the "heroine" was played unless he could wear a costume. Miss Fielding's "Tom Thumbe" was the first musical offering, I believe.

Notable Hasty Pudding men who have since made their respective marks include Winthrop Ames, Robert Wood, Robert Bentley, Robert Freeman, and Owen Wister. Lyman Hasty Drake Jr., son of Mr. and Mrs. Lyman M. Drake of Wilmette, Miss Jacoby attended the Chicago Latin school, was at Les Fougères, in Lausanne, Switzerland, for two years, and came out last year. Mr. Drake is a Dartmouth graduate. Miss Jacoby, who has been ill with appendicitis for the last few weeks, is going today to Atlantic City with her mother, and on her return will make plans for the wedding, which is to be quite soon.

Count Kyrle's much heralded lecture on "Marriage" takes place this evening at Orchestra Hall under the auspices of the Chicago Forum council. If those who are in person, the gathering should be a smart one. Mrs. Frederick T. Haskell is to introduce the speaker, Mrs. John Lewis O'Connor and a Junior League committee, including Mrs. John R. Winterbottom, Mrs. Murray P. Brush Jr., Mrs. Paul G. Day, Mrs. Dean Barnard, Mrs. Lyle H. Hilditch, Dorothy Schmidt, Miss Helen Bourne, Miss Margaret Hamilton, Mrs. Potter Smith, Mrs. Margaret Hamilton, Mrs. Charles F. Clark, Miss Glee Louche, Miss and Mrs. William H. Hilditch, Mrs. Ed. Dalchase as chairman of arrangements for the council.

Mrs. Walter Boyden is continuing the sale of sports things, hooked rugs and the like, that she held last week at the Palmer house for the partial benefit of Illinois Children's Home and Aid through this week, and is moving its location to 906 North Michigan avenue. Part of the proceeds still go to charity.

Mr. and Mrs. James Simpson are going to Palm Beach on Wednesday, where they will board the yacht Sequoia that they have chartered for five weeks. Their guests will include Lillian Williams, Lawrence Callahan, and Mrs. Simpson's niece, Miss Jessie Homer. Jack and William Simpson will meet their parents at Jacksonville and be with them on the Sequoia during their spring vacation from St. Paul's school. The boys have invited their schoolmates, Wyndham Hailer, Mrs. Edward L. Hailer of Lake Forest, and Samuel Woolcott of Readville, Mass., to accompany them on the trip. Leaving Palm Beach the boat will head for Nassau and the southern waters.

Mrs. Lawrence Eggleston, the former Elizabeth Folds, has been here during the worrisome illness of her father, Charles W. Folds, who has been laid up at the Presbyterian hospital for some months, and now has returned to Minneapolis, since Mr. Folds is convalescing satisfactorily. The Foldses are planning to open their Lake Forest home to the public.

Mrs. Henry W. Hart of Lake Forest and Mrs. William C. Niblack of 221 East Walton place set out last Friday to make a visit with Mrs. Niblack's son and daughter-in-law, the Auerhahn family, at Aiken, S. C.

WINNIE WINKLE, THE BREADWINNER: Quick Work

WED

MRS. ARTHUR DEAM.

The wedding of Miss Thora Soderberg, daughter of Mr. and Mrs. Gustaf Soderberg of 1262 Elmwood avenue, and Arthur Deam of Springfield, O., son of Mr. and Mrs. Charles Deam, was solemnized Saturday afternoon at 5 o'clock at the Concordia Swedish Lutheran church in the presence of a small group of relatives. A dinner for the wedding party followed at the Soderberg residence. Miss Soderberg is the organist and musical director for Concordia, and Mr. Deam is an architectural designer, holder of the Prix de Rome. Mr. Deam and his bride are to reside in Chicago. Mrs. Deam returned last week from a lengthy stay with Miss Catherine Patrick at Castle Hot Springs, Ariz.

NEW YORK SOCIETY

New York, March 11.—[Special.]—Clarence H. Mackay will give a dinner on Wednesday at his home, 3 East 75th street. Mr. and Mrs. Charles Betts Hillhouse and Miss Sylvia Hillhouse, who sailed yesterday on the Macao, will return in June to pass the summer in Newport.

Mrs. Adrian H. Larkin has gone to Bismarck, Ariz., to join her son, Lawrence Larkin. Mr. Richard T. Wilson gave a luncheon yesterday at the St. Regis for Count and Countess Glauco Cigrova. Among the guests were Mrs. Robert J. Adams, Miss Mary Burchell, Prince Nicholas Engelhardt and Robert Ingersoll Brown.

Third Lenten Lecture. The third of the Lenten lecture courses under the auspices of the Chapel guild of the Convent of the Conscience will be given at 3 p. m. today at the residence of Mrs. Edward I. Cudahy at 1601 North State parkway. The Rev. Peter Gulsky will speak.

Luncheon of Salon Francais. M. and Mme. Arthur L. Allais will be the guests at a luncheon this noon of the Salon Francais of the Chicago Woman's club. M. Allais and Mme. Helene Volkoff, wife of the former Russian consul, will speak.

Insomnia Draws Age Lines on the Face of Any Femme

People who've never been troubled with insomnia are accused of being unsympathetic toward one who can't sleep. Then there are people, myself included, who are worse than unsympathetic. They're surprised to hear any one say he or she can't sleep. I was one of these people the other day. I ran into an acquaintance I had not seen for months. She looked awful—dragged out, tired, drawn, and years older. She said she couldn't sleep. She hadn't any troubles or ailments, just couldn't sleep at night. So she had been taking sleeping potions of one kind and another, and they weren't satisfactory. At the end of her working day she was exhausted. She felt too tired to sleep, she said.

In a serious predicament like that a physician should be consulted. There must be something wrong of which the woman is not aware. But at least she indicated to me what lack of sleep does to the looks. In a less sleep deprived one than she I have seen the marks whose chief characteristic is one of age. If there is any possibility of disease or sickness, and one cannot always tell, herself, seek out the physician. It is a crowded social hour, some pleasure will have to be eliminated. If it is hurry and worry, be assured that you can't suddenly at bedtime quit the worry habit and go to sleep. You can't make mental emergency stops at the end of a day of feverish activity and drop off to sleep suddenly. You have to learn many things before bedtime that nothing is going to be helped by worry and little accomplished by that fervid haste.

Bodily fatigue does not always produce sleep, so tiring one's self out with exercise or excitement isn't always the answer. There is a measure of relief that ought to be better known. Most people believe in the hot bath as a sleep producer, and with some perhaps it is effective. But with the majority of people a neutral bath is far more conducive to slumber. A cold bath applied to the head during the bath is really a mechanical way of hurrying up the sleeping process by letting down the blood tension in the brain. Hot water and cold water cause the blood vessels of the body to contract rather than to relax, so that the sleepless person is often made more so by either a cold or hot bath.

BEAUTY ANSWERS

B. W.: WHERE THERE IS INDIGESTION you will generally find constipation, and in many cases overindulgence in the stomach to a healthy condition. Be careful about the food you eat and have a regular hour for each meal. Eat plentifully of fruits and green vegetables and drink about two quarts of water every day.

Museum Lecture Tour. Meteorites and the moon are the subjects of guide-lecture tours at 11 o'clock this morning in the Field museum.

Winnetka Community Play. The Community Drama club will give a benefit performance this evening for the support of the Winnetka Community house.

FARM AND GARDEN

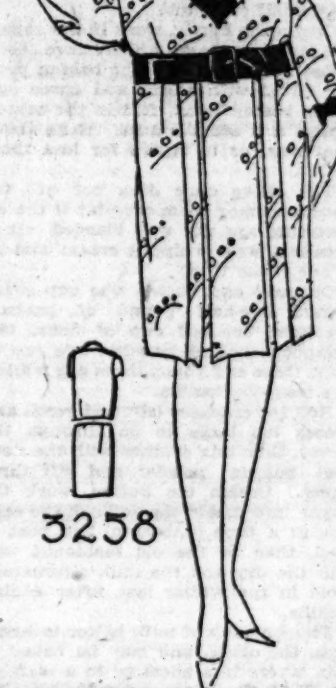

Hikers in the forest preserves and other wooded lands in this region will be able to identify the Lady's Slipper, a flower which is the state flower of Illinois, by the description given here by Mrs. Louise B. Lemon of the Wild Flower Preservation society, 5737 Blackstone avenue. Two varieties of orchids, the small yellow Lady's Slipper and the Showy Lady's Slipper, are among the six wild flowers protected by law in this state. Mrs. Lemon says they are among the most spectacular of the wild flowers, often ruthlessly plucked and carried off from their shaded haunts.

Plants of the small yellow sort have a slender, leafy stem and showy fragrant yellow flowers, the petals and sepals of which are purple streaked. The narrow petals are usually twisted and the bright golden yellow lip is blotched more or less with madder purple. The yellow Lady's Slipper is to be seen in the woods early in the spring from May to July in this section. It thrives in the shade where the soil is rich with leaf mold.

It was once found in abundance in thickets at Clark Junction and Clark, Ind., and also in the north shore ravines and at the dunes. Mrs. Lemon predicts that the last of this flower will be seen in this region within a few years. The Showy Lady's Slipper is larger than the yellow wild orchid and is the most gorgeous of the lot. It is rapidly being exterminated. The flower is large, white and slashed with magenta stripes, which give a general effect of colorful pink. Mrs. Lemon says it is found near Clark Junction, Ind., but is disappearing. It is rare in our northern ravines.

PATTERNS BY CLOTTIDE

WOMAN'S AND MISS' DRESS. This attractive sports design is made with a flaring neckline and finished with a plaited jabot. The front of the dress is in two sections; the lower one pressed in box plaits. The broad belt gives the idea of a two-piece dress. Flat silk crepe in two tone combination, crepe satin in reverse treatment, georgette crepe and supple wools are appropriate. The pattern, 3258, comes in sizes 16 and 18 years, and 36, 40, 44 and 48 inches bust measure. Size 36 requires 3 1/2 yards of 40 inch material with 1/2 yard of 35 inch contrasting.

How to Order Clottide Patterns. Write your name and address plainly on dotted lines, giving number and size of such patterns as you want. Enclose 10 cents in stamps or coin (coin preferred); wrap it carefully for each number, and address your order to Clottide Patterns, Chicago Tribune, 247 Park Avenue, New York City. Note—Clottide patterns are made in New York exclusively for THE CHICAGO DAILY TRIBUNE. They are perfect in fit, up to date in style, and the easiest of all patterns to use.

It Is Advisable, Sometimes, to Throw Away One's Pride

BY DORIS BLAKE.

I'm taken to task, and rightly, perhaps, for demanding to know where a girl's pride is. "If only that miserable word had never been invented. If one could forget pride how much happier she might be!" says L. L. It's three years since L. L. and the man she loves parted. She has tried to forget. She now realizes he is the girl in danger of losing the one who is the only one she loves or ever will love. If she wrote him she feels he might come back. But, there is that word pride. Because of which the girl is miserable. Perhaps he is, too, awaiting the word from her. "Do you realize, Doris, that there is no such element as pride where the real thing is concerned? Men disregard pride in seeking what and whom they desire. Why must woman silently wait because pride mingled with convention dictates not? Little can be gained by waiting. There are too many other women about—A. T."

I say I'm taken to task and rightly, not because pride isn't necessary to certain occasions, but because I did not make myself clearly understood. A woman need not perch herself upon the perilous cliff of pride on every occasion of hurt feelings. There are times when not to have the real thing is not to be concerned. A girl who pursues a man mercilessly comes under the category. A girl who will compromise, and I say that, for a man to get him would be better off in the long run with a bit of the pride we speak of. A girl who will not take a mild rebuff for disinterest is another, the one who will not accept stoically the fact that affections do change and will not release the man who has suffered the change.

On the other hand, the kind of pride that will set a woman apart as a recluse, nursing a love that she will make no effort to claim, is a foolishish martyr to a cause that doesn't warrant the grief of it.

Pride need not be construed as restraint from making an effort to get young children at a meeting of the Delano Parent-Teacher association in the school auditorium at Wilcox street and Springfield avenue.

Lecture at Armory. Lieut. Fred E. Busbey, M. I. R. O. C., will lecture on "Dare We Be Americans" tonight at the armory at 16th and Michigan avenue.

Recital at St. Chrysostom's. The Lake View Musical society is sponsoring an organ recital at 239 p. m. today at St. Chrysostom's church.

DORIS BLAKE ANSWERS

Many Young People Fickle.

"Dear Miss Blake: I'm in love with a young man whom I have known about six months. Lately he stopped seeing me. He always notices me and says 'Hello,' but that is all. I do not know the reason. Do you think I am to blame?" HAZARD BROOKMAN. You're not to blame, Hazard. It is a circumstance over which you have no control. The tastes of young people change from time to time, and that is what has happened. He has found some one to meet his present fancy, and any attempt to win him would be useless.

"I say I'm taken to task and rightly, not because pride isn't necessary to certain occasions, but because I did not make myself clearly understood. A woman need not perch herself upon the perilous cliff of pride on every occasion of hurt feelings. There are times when not to have the real thing is not to be concerned. A girl who pursues a man mercilessly comes under the category. A girl who will compromise, and I say that, for a man to get him would be better off in the long run with a bit of the pride we speak of. A girl who will not take a mild rebuff for disinterest is another, the one who will not accept stoically the fact that affections do change and will not release the man who has suffered the change."

On the other hand, the kind of pride that will set a woman apart as a recluse, nursing a love that she will make no effort to claim, is a foolishish martyr to a cause that doesn't warrant the grief of it.

The Wise Parent Doesn't Give In Because They Cry

My Gladys
Bevern

"My dear Mrs. Bevern: I am the mother of a 7 year old daughter. May I ask your advice about one thing? I go to work in the day time while my mother takes care of my little girl. She loves my mother dearly. All during the day the child plays happily and has a world of fun with her little friends, until the evening when I come home from work. Just as soon as I get in the door she pouts and sighs and immediately asks if I am going out tonight. If I say I am she cries all the evening, which, of course, ends by my remaining at home. Then she smiles.

"I tried explaining to her that while she is playing and enjoying herself I am working and that I really need an evening out now and then—my husband and I go out twice a week. Explaining doesn't help, scolding doesn't help, and whipping I never do. I love my baby so much and never fail to play with her each evening and listen to her read, and make a fuss over her at all times. On Sunday I take her out from 3 o'clock until bed time. Can you advise me how to act or do you think I should not go out at all?"

How well I know those little scenes! I have seen so many of them with children who were in all other respects quite amenable. I have seen little girls and little boys becoming very grumpy and I've seen the pleasure of several grown people spoiled again and again because the child was given to go to.

Of course, this young mother must go out. If she gives in to her little girl she will make her selfish and dependent. With loving and reasonable children there are several things you can say that will have an effect. You can tell them that if they love you, they will want you to have fun—that when they're asleep they don't know whether you're there or not—and that the nice thing for them to do is to say, "Good-by, mother, have a good time." I've seen children brought to the point where they said that once and where they got so much unselfish satisfaction out of it that they never made a fuss again.

But if talking does no good, the most wholesome thing to do is to say, "Now I'm going to go. If you make a fuss and cry it will make no difference." Then when the time comes, go, no matter how hard it is for everybody. Usually they will stop crying before you have gotten to the corner. Be firm a few times in this way and they will be cured.

WASHINGTON SOCIETY

Washington, D. C., March 11.—[Special.]—The engagement of Leader McCormick-Goodhart to Miss Janet Phillips, announced today, is not the only one made known in Washington society today. Maj. Gen. and Mrs. John L. Chamberlain announced the engagement of their daughter, Carolyn, to Frederick M. Bradley, son of Mrs. Thomas Bradley of the District of Columbia, and Mrs. James E. Riggs of Baltimore announced the engagement of their daughter, Charlotte, to R. Courlandt Parker, son of Mr. and Mrs. Chauncey G. Parker of this city.

Col. and Mrs. Francis T. A. Jenkin, formerly of Chicago, who have come to Washington to make their home, gave a breakfast today for Mrs. Groutch, wife of the minister of foreign affairs of the kingdom of the Serbs, Croats, and Slovenes, who was former minister here.

Miss Bina Day Deneen, daughter of the senator from Chicago, returned today from a short visit in Wilmington with Miss Madeleine Pierce, a classmate at Bryn Mawr.

HAROLD TEEN—THE ETERNAL STRIFE

Unusual Tiers Give This Coat Style

by Corinne Lewis

NEW YORK.—[Special Correspondence.]—This is where the cave woman of old is converted into the concave woman of today. We refer, of course, to the shape of the tiers that distinguish this coat from the early apron collection of Cheruit. For these are rounded upward under the arms so as to form a concave section in the back. It will be seen that the three tiers of the sleeves are executed in the same fashion.

It is by some such novel treatment as this that the slender wrap-around coat of yesterday is transformed into the smart coat of today. For, aside from these tiers, there is really nothing else to individualize a garment that, through this single agency, becomes absolutely unique. Yet we are forgetting a collar which has something unusual to recommend it. For it is cut in one with the coat and, standing up in the back, turns into revers.

The material used is a soft black woolen fabric and this is trimmed with bias folds of black satin. These outline the tiers of both sleeves and coat and they also bind collar, revers and the front closing of the garment. Many of the spring coats retain in place of the ubiquitous scarf collar of self material, the scarf collar of fur. Thus one of the most stunning models from overseas which is achieved in beige knobby attaches a fox scarf of matching tone.

A FRIEND IN NEED

BY SALLY JOY BROWN.

Use for Your Old Phonograph.

"Do you ever have any offers of old phonographs? I know a family who would appreciate one greatly. Mrs. G. is a widow with three children and she makes a special effort to make her home attractive so they won't have to go elsewhere for amusement. She is not well and cannot go to work and a phonograph would be a real help to her.

Being both mother and father to her family and providing a cheerful and homelike atmosphere for them to live in is a worthy ambition for any delicate woman. Won't you encourage and reward her efforts by donating the much desired phonograph?"

TRIBUNE COOK BOOK

BY JANE EDDINGTON.

Graham Cracker Cake Corrected.

In the shuffle of getting the recipe given below into print eleven words were lost from the original copy and, I am bitterly sorry to say, a slip of typewriter keys on my part led somebody to think it was reasonable to omit those words, but here is the formula again:

One-half cup unsalted butter or substitute.

One cup of sifted sugar.

Twenty graham crackers or six ounces, or one and two-thirds cups of crumbs.

Three-fourths cup milk.

Three egg yolks, two whites.

One and one-half teaspoons baking powder.

One-half cup nuts.

Cream the butter, work in the sugar, add the crackers which have been rolled and sifted with the baking powder, sifted with them, add three eggs beaten thick, fold in the beaten whites and add the nuts. Bake about one hour, or in layers for less time, at 350.

The above cake does not call for flour, and may seem crumbly if the ingredients are not well blended. It is excellent with whipped cream and so is one made thus:

One-half cup butter, one cup sifted sugar, one-half pound of graham crackers, one-half cup of flour, two teaspoons baking powder, one cup of milk, three egg yolks, three egg whites, one teaspoon vanilla.

Roll the crackers (if not rolled any pieces too large to go through the sieve), then mix crumbs with the flour and baking powder and sift three times. Cream the butter, work the sugar into it, add the yolks of the eggs one at a time (unbeaten) and beat in well, then in the old fashioned way add the dry and the milk alternately. Fold in the whites last, after adding vanilla.

This one cup of milk batter is larger than the other, and may be baked in thin layers in a sheet or in a loaf. A sheet 11x7 inches was baked at 350 for nearly fifty minutes.

EMBARRASSING MOMENTS

The Tribune will pay \$1 for every letter published on "The Most Embarrassing Moment of My Life." Address: Embarrassing Moments, Chicago Tribune. Write on one side of the paper. No manuscript returned.

Full of Crackers.

The most embarrassing moment I ever had was one morning when my dad asked me to have an electric light bulb exchanged at the electric company. There happened to be two boxes alike on the table, so I just picked up one, thinking I had the right one, because I was in a hurry to get down to the office. After waiting in line about ten minutes at the company's and a long line was in back of me, it came my turn. I politely asked the girl to exchange this bulb for me. On opening the box crackers flew out one by one. Talk about embarrassment!

DANDRUFF

A Sure Way to End It

There is one sure way that never fails to remove dandruff completely, and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid Arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get Liquid Arvon at any drug store and four ounces is all you will need. This simple remedy never fails.

Bright Sayings of the Children

The Tribune will pay \$5 for each child's saying printed. The story told must never have been printed in any magazine or paper. It is not possible to acknowledge or return unsolicited contributions. Write on one side of the paper. Address: Bright Sayings to Andy Bee, The Tribune, Chicago.

One evening my small son David and I were looking at the pictures in the National Geographic magazine of the picturesquely dressed Britanny maidens.

David gazed at them thoughtfully and said, "Mother, isn't it strange that what are just clothes to them are 'costumes' to us?" C. W. G.

My nephew, Bobby, aged 4, and his sister, aged 5, were playing upstairs.

when suddenly they came running down to the living room where I was reading, exclaiming, "they're strange noise upstairs."

Addressing Bobby, I said, "surprised that my little son becomes frightened so easily?"

Bobby, with swelling cheeks, said, "Auntie, I wasn't scared."

"Then why did you run?" I asked.

"Papa, Auntie, that's just the way I walks."

Benefit Bridge Tea

Mrs. Frank Winans will give a benefit bridge tea this afternoon at the residence at 4947 Kimbark avenue, the Kenwood Social Service club.

This Is Cold-Prevention Week!

Guard against
Colds
Grippe
Sinus Trouble

March, the danger month! Balmy one hour—cold, wet and blustery the next. So easy to catch colds! And so many of those colds can develop into serious illness.

Take no chances! Get NOZOL (pronounced "Nose-All") and be safe. A few drops in each nostril immediately kills all cold germs lodged there. It keeps the nostrils clear and clean. It resists colds at the place where 99% of them start.

Regular 60c Size,
Complete with Stopper,
Special During Cold
Prevention Week

49c

NOZOL kills germs that lodge in the nose—

NOZOL guards you against sinus trouble—

NOZOL is absolutely harmless.—

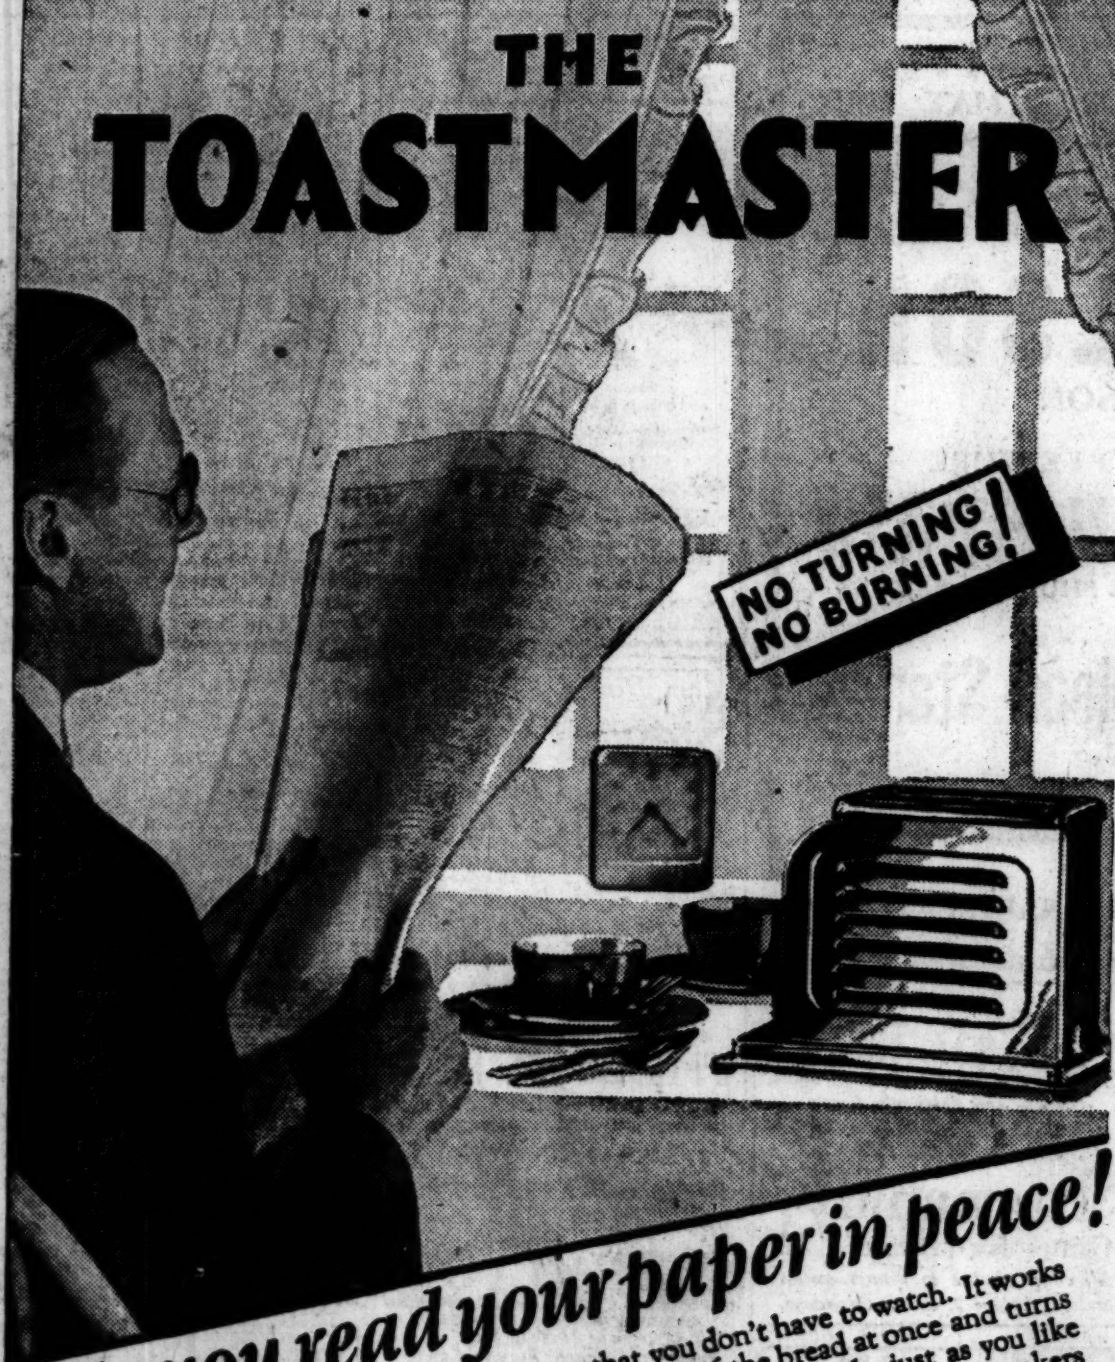

NOZOL breaks head colds instantly—

NOZOL permits free and easy breathing through the nose—

NOZOL costs but a few cents—

SO—Take no chances! You're safer and more comfortable without a cold. Get NOZOL today and keep it handy.
